### Yule Lights To Glow on Mountains

Junior C. of C. Plans To Light Up Trees As Background to City

Second meeting of the newly created Palm Springs Junior Chamber of Commerce, held Wednesday night in the Pago Pago saw an initial membership of 45 young men of the Village present, the appointment of two committees and heard welcoming speeches from executives of the senior Chamber of Commerce and an address by George Reed, past president of the Junior Chamber of Commerce, Riverside and a representative of the state and national organization. Don Artz presided as temporary chairman.

First Village project enthusiastically decided upon by the members is the Christmas Tree decorations for the Village. Jim Nitch, owner of the Desert Camera Shop was appointed chairman in charge of this committee. He will be assisted in this undertaking by Bill Marvin, Don Noble, Ed Thompson and Jim Vanhooser.

THIS COMMITTEE plans to decorate trees situated above the golf course with Christmas lights. Nitch said that a giant evergreen tree may be obtained and transported from the San Bernardino mountains to the spot overlooking the Village.

Florian Boyd, president and Harry Harper, secretary-manager of the senior Chamber contributed welcoming speeches.

A CONSTITUTIONAL committee was appointed consisting of Don Artz, Zack Pitts, John Seaman, Bill Talbot, Jack Reed, Jack Chambers, Dr. William Aiken and Warren Slaughter.

The Palm Springs Tennis club will be the scene of the next meeting of the organization December 10 at 8 p.m.

All young men in the Village are urged to be present.

### This Side Of The Sun

By Phat

Why does the seat behind the wheel Transform a Good soul to a heel?

IT'S a fact. . . Many a man who on foot could qualify as nature's nobleman, whose heart, as long as he's a pedestrian, is full of love and compassion for his fellowman, undergoes a strange metamorphosis the minute he slides beneath the wheel. . . First he swears because someone else has been using the car and the seat has been re-adjusted, then he takes off and at the first intersection would cheerfully bash his saintly grandmother if she dared to grab the right-of-way which was rightfully hers.

A LONG STEP toward solution of the scandalous traffic problem would be taken if every person who thinks he (or she) is a Class A-1 driver would realize that they might have trouble rating a C minus. . . Trouble is, too many of us think we're the world's best. . . Took a ride with one of the city's best drivers, so he said, and he committed seven driving errors in two blocks. . . I respectfully called his attention to them and he snarled: "Well, nothing happened, did it?" . . . No, but it will. . .

WHAT WERE YOU doing six six years ago Sunday? . . . That's the day the Japs staged their sneak attack. . . It so happens that Dec. 7 in 1941 fell on a Sunday just as Dec. 7, 1947. . . I don't know where you were but I was in church. . . And taking up the collection. . . That was a trusting congregation, full of faith in mankind. . . Anyway, I was half way up the aisle when the messenger from the newspaper office, much See THIS SIDE OF SUN, Page 5

MEMORIAL TO A HERO—Herbert Lienau, Village war hero who lost his life in World War II whose name was selected by the Palm Springs Housing Authority as the designation of the Veteran's Housing project situated on the Field Club grounds. Henceforth it will be known as the Herbert Lienau Village.

### Vets' Housing Project Named For War Hero

From now on the housing project located on the grounds of the Field Club will be known as The Herbert Lienau Village in memory of the Palm Springs hero who marched off to war never to return.

Members of the Palm Springs Housing authority, in regular session Tuesday evening, decided upon that name among the forty or more suggestions submitted in a month-long "name-it-contest."

THE WINNING SUGGESTION was submitted by Bill Rashall, member of the Desert Sun editorial staff, who received the \$25 first prize. Barney Hinkle, president of the Authority, announcing the winning suggestion, said the board was unanimous in its choice of the name as a fitting memorial to a World War II hero at this time.

HERBERT H. LINEAU, the son of Mr. and Mrs. Harold Lineau of the Village, was only 20 years old when the B-24 on which he was a gunner, was shot down Dec. 11, 1944, while on a bombing mission over Germany.

Mr. and Mrs. Lineau when apprised of the decision of the Authority expressed deep gratitude and granted permission for the use of their son's name for the project.

Only World War II veterans are eligible to rent apartments at Herbert Lienau Village.

### Booster Fund

Cash for Publicity  
One of 3 New Laws

Three new ordinances were submitted to the city council for approval Wednesday night.

One of these ordinances recommended by the finance committee followed approval of the application of the Palm Springs Chamber of Commerce for the allocation of \$2,500 to be used in paying for a colored folder for Palm Springs.

The other two ordinances placed restrictions on the transfer of city business licenses and the regulations of vending trucks using city streets.

### Luncheon Rides

First in New Series  
Scheduled Wednesday

Here's the latest—luncheon rides. Patronage at the breakfast rides, long a Village feature, has been so good that starting next Wednesday noon rides will be inaugurated it was decided by the Stablesmen's association.

"Gather at your favorite stable at 11:30 a. m. and proceed by horse or buckboard or stage coach, up Andreas canyon where lunch will be served at 1 p. m." the invitation said.

### Chest Drive Slated Early In January

Committee Meets To Set Plans for Campaign in Motion

Palm Springs Community Chest drive will get under way early in January, the exact date and the amount to be subscribed to be decided later, it was announced after a meeting of the Community Chest organization this week at the home of Carl G. Lykken, president.

Present at the gathering to discuss the Village campaign were President Lykken, William Colburn, Mrs. Harold Hicks, Barney Hinkle, Mrs. James Oliver, Mrs. B. H. Poliak, Mrs. William Lippman, A. E. Bailey, Howard M. Jay, Robert Peterson and Frank Partridge.

IT WAS ALSO DECIDED to conduct the campaign simultaneously with a Community Hospital campaign, one organization handling both drives.

Chairman for the campaign will be named at the next meeting and selection of the drive leader was placed in the hands of a committee of five. The budget committee, allocating the amounts for each of the agencies benefitting by the Community Chest will also report at the next session.

ONE NEW OFFICIAL was elected at the meeting, Robert M. Peterson as treasurer.

It was pointed out at Wednesday's meeting that those who wish to send in their checks now in order to deduct their contributions from the 1947 income tax figures, may mail them to Treasurer Peterson.

### Christmas

Aid for Community Party Is Solicited

Any and all who wish to aid the Business Women's club in its sponsorship of the 19th annual Community Christmas Tree party are urged to do so at once.

Contributions may be sent to Mrs. Jimmie Briody, chairman of the event for the club or left at the Chamber of Commerce, 310 North Palm Canyon drive. So far a dozen have sent in their contributions.

The Business Women's club recently voted to take charge of the annual event this year and Mrs. Briody was appointed chairman.

The Community Christmas tree will be unveiled on Dec. 19 this year with the usual parade preceding the event when Santa Claus will tour Palm Canyon drive in true western style in a stage coach.

### Two Jailed for Car Clouting

Rudy Fontes, 18, and a 14-year-old boy whose name was withheld by police, were arrested this week when they "clouted" the wrong car—that of Policeman Dale Thompson, who caught them in the act.

The younger boy, son of wealthy winter visitors, was turned over to juvenile authorities while Fontes was charged with burglary and sent to county jail.

### U.S.A.F. Sec. in Village

Army Brass Hats on Tour of U. S. Air Force  
Installation Forced Down Here by Weather

More army "brass" than a GI during the war could have "shaken a stick at," landed in Palm Springs last night because of "socked in" weather at March Field, their destination.

The group was headed by Secretary of the U.S. Air Forces (newly created office) W. Stuart Symington, on tour of air force installations.

THE SIX FOOT-THREE Secretary Symington had nothing to say regarding his trip here aside from announcing that he was making a routine inspection trip of U.S. Air Forces installations in Colorado, Arizona, Texas and California. Included in the party were

### Early Action On Torney Land Seen

Believe School Will Acquire Needed 18 Acres Within 2 Weeks

Transfer of 18 acres, part of surplus Torney General Hospital property and long sought by the Desert School district as a site for buildings to relieve congestion at the Francis Stevens school may be made within the next ten days or two weeks.

Unofficial word received in the Village is to the effect that the 18 acres, thought originally to have been frozen by Senate Resolution 31 until March 15, 1948, will be decided to the Desert School district regardless of disposition of the rest of Torney General buildings and lands.

MRS. MELBA BENNETT, clerk of the Desert School district said she learned that the Federal Works Administration has ordered War Assets Administration to release the 18 acres to the Palm Springs Desert School district at once.

"I expect that we will receive word of the transfer of the land to the school district within ten days or two weeks," declared Mrs. Bennett.

Meanwhile the Francis Stevens school is suffering from one of the most acute overcrowding problems in its history.

MISS KATHERINE FINCHY, superintendent of the Desert School district pointed out that the normal capacity of that school is 300 students and as of last Tuesday 441 children crowded into class rooms.

"Two of the class rooms are forced to hold double sessions and additional classes are being held in the school auditorium," Miss Finchy declared.

SHE ADDED that just as soon as the 18 acres are deeded to the school, construction of buildings to relieve the Francis Stevens school congestion will begin.

At present, buildings to relieve congestion at Cahulla, Nellie Coffman, Cathedral City and Desert Hot Springs are in the process of construction.

### All Over

Village Vandals Win Desert Sun Contest

Final figures in the Desert Sun's subscription contest in which 20 high school students, ten boys and ten girls, five of each on a team, strove for prizes, commissions and incidentally boosted the reader rolls of The Sun considerably, were released today.

Barry DeVorzon was high man in the contest. He was a member of the winning Village Vandal's team. He accumulated 27,750 points in the campaign with Betty Wright, also of the Vandals, second with 20,000.

Mary Pendrey was high on the Tahquitz Twisters team with 14,250 and Jackie Kingsbury was second.

Don DuBose captained the winning Vandals who rolled up a total of 68,500 points to the 29,250 gathered by the Twisters captained by Anne Wells.

K. K. Youngs supervised the drive and the winners will split \$170 in prizes.

Major General Powers, assistant Deputy Chief of Staff, Material Division of the Air Forces; Major General Everett S. Hughes, Chief of Ordnance, U. S. Army; and Brigadier-General Roger Ramey, commandant of the 8th Air Forces, Fort Worth, Texas.

IN ADDITION to the pilot of C-54, Major William Moomaw of Santa Ana were several other officers, all specialists in their respective assignments.

Traveling with the army "brass" is a writer for Times magazine who is scheduled to write a "profile" of Secretary Symington for that publication.

Working close with the Secretary See U.S.A.F. SEC., Page 5

HORSE TALK—Plans for staging a horse show in Palm Springs during the first week of April brought the noted horseman, Sam Burke, chairman of the horse show committee, and Frank Bogert, president of the Palm Springs Horseman's association. (Photo by Desert Camera Shop.)

### January 3 Set For Dedication Of Memorial

Years of dreaming, planning and hard work on the project of a permanent meeting place and social center for veterans of the World Wars will come to happy finale on January 3 next for the Owen Coffman Post of the American Legion.

Announcement was made today by G. K. Sanborn, past commander and chairman of the dedication committee of the new building, that the \$100,000 clubhouse of the post will be dedicated on January 3 with National Legion Commander O'Neill as special guest.

THE STRUCTURE, located on Bellardo Road almost immediately in the rear of the fire station, will be one of the finest veterans' clubhouses in Southern California when completed. It will provide meeting places for both the Legion and Auxiliary and also furnish an auditorium that will be made available by the post for local celebrations, dances and conventions at nominal cost. Nearly 450 persons can be accommodated in the auditorium, providing a sorely-needed meeting place for the Village.

Legion and public officials from throughout Southern California are expected to join in the festivities marking the formal dedication on January 3. National Commander O'Neill will be joined here by State Commander Harry Foster of San Diego and other veterans' organization leaders from many cities.

IT IS PLANNED to hold the dedicatory exercises at 11 a.m. as the national commander must leave here early in the afternoon. He will arrive here the preceding night from the Los Angeles area where he will have attended the Rose Bowl game and met with Southland veterans' officials. Plans are being made for an informal reception for Mr. O'Neill and his party on the night of January 2.

Equipped with complete radio broadcasting wiring, the clubhouse is expected to be the setting for many national programs.

### False Alarm

No Crash, Just Trash, Firemen Discover

Considerable excitement and alarm was created among Villagers at 10 a. m. Wednesday when a black pillar of smoke was seen rising from the Palm Springs Airport.

The fire department, called out, declared on return that the "run was absolutely needless."

One of the workmen, who had obtained a fire permit, had gathered an unusually high pile of debris together and touched a match to it. Bits of tar paper burning caused the smoke to take on the blackened hue of a crashed and burning plane.

## Grant to Manage Big Event

Top Personnel of 1948 Edition of Circus Ready to Go

Top personnel of the 1948 Desert Circus had been chosen today and the "go" signal on the lavish western celebration that highlights the spring season in the Village can be expected almost any day now.

Frank H. Bennett, manager of Deep Well Guest Ranch, pioneer figure in the Circus history and general chairman of the successful 1946 show that netted more than \$16,000 for the American Legion, was elected president of the Desert Circus Association Inc., the sponsoring corporation, at a meeting in the Fiesta House Wednesday afternoon. He had previously expressed a desire to be relieved of the presidency duties but after being importuned by members of the Board of Directors to reconsider his action, agreed to serve this year. His decision caused jubilation among the directors.

IN THE HARD-WORKING spot as chairman of the 1948 Desert Circus which has been set for March 10 to 13 will be William Grant, prominent horseman and cattle raiser formerly of Medford, Oregon. He came to Palm Springs two years ago and has entered into activities of the Palm Springs Horsemen's Association enthusiastically. He is a member of the Palm Springs Rotary Club. Last spring he worked tirelessly as an able assistant to General Chairman Barney Hinkle in building of the set for the Village Insanities.

Headquarters of the Circus will be established this year in the show window of the Desert Inn Garage through the cooperation of George Roberson, manager of the garage. The office is expected to be in operation not later than early in January.

THE MATTER of designating an organization as beneficiary of the 1948 Circus will be on the agenda with other important subjects for a meeting of the See CIRCUS, Page 5

### Flowers Next

Desert Area Pelted With Half Inch Rain

First rain since August 10 soaked Palm Springs and the desert yesterday and last night and brought the season's total to within hailing distance of the total last year to date.

Following a .03 inch rain Tuesday, 23 of an inch fell up to 5 p.m. yesterday with an estimated .30 of an inch during the night. Total for the 1947-48 season stood at 1.39 this morning compared to 1.71 last year at this time.

Heavy snow was reported low in the mountains back of the Village. Maximum temperatures here for the past three days were in the vicinity of 70 degrees.

## The PUBLISHER'S Corner

by OLIVER B. JAYNES

EVERY LOYAL AMERICAN should be concerned these days with the security of our nation. Never before has there been such a need in this country for an informed public opinion. From it must come a united demand for a program to avert national and international disaster.

Leading the way toward the formation and adoption of such a program is the plan submitted at the request of the President by a committee of nine eminent men and women headed by Dr. Carl T. Compton. It is given here in condensed form for the benefit of Desert Sun readers who may not have seen it elsewhere or are interested in reviewing it. There are six main points:

1) A strong, healthy, educated population . . . A healthy economy must be founded on full production, full employment, and avoidance of both depression and inflation. Educational opportunities must be improved and broadened on the theory that freedom depends upon enlightenment . . . We must have improved physical and mental health. Malnutrition, poor education, poor environmental factors and the resultant poverty, illness and crime are enemies as deadly as Hitler and Tojos.

2) Coordinated intelligence service . . . In a democracy an adequate, centralized intelligence service is especially needed. This should be augmented by a counter-intelligence service to prevent Fifth-Column activities and an information service to counteract the studied misrepresentations of our motives and acts.

3) Research and development . . . Our very survival in the recent conflict was based on our development and use of new instrumentalities superior to those of the enemy. Conditions conducive to research must be provided. So long as war is a threat, development must include better planes, ships and ordnance with which to meet and annihilate any aggressor.

4) Industrial mobilization and stock piling . . . The discovery of new scientific principles and perfection will be of no value unless our scientific progress is matched by industrial preparedness for the problems of atomic war. Weapons must be available in the first critical hour of attack to be of any value . . . To insure continued production in the case of an atomic bomb attack, plants and agencies must be dispersed or otherwise protected . . . Stockpiles of strategic materials from abroad or domestic sources that might be cut off should be built up.

5) Regular armed forces . . . Indispensable factors to a sound security program are the Navy, Army and the United States Air Force. To the latter the commission looks for that swift, mobile striking force able to launch the most destructive possible attack without delay. The air arm is considered the first line of defense.

6) Universal training . . . After six months of study, the commission of experts arrived at the unanimous conclusion that universal training is the essential element in the program to safeguard this nation—and to enable us to fulfill our responsibilities to the cause of world peace and the success of the United Nations. These specific benefits were set forth by the committee: Shorten the time of mobilization in case of war . . . provide basic prerequisites for technical, specialized or unit training . . . make possible an effective See PUBLISHER'S CORNER, Page 5

By ETHEL WHITEHORN

### AID TO EUROPE

The only way to help an able-bodied man is to help him to help himself. So it is with Nations.

### AID TO EUROPE

America came up the hard way. The history of this Nation carries countless stories of privation and daring, as, one by one, wilderness and prairie were conquered. And behind those stories, stands another story—the Constitution of the United States—which, since the 18th century, has given to all Americans the impetus to forge ahead.

Free enterprise, in America, was the natural result of the freedoms granted in the Bill of Rights. Men, long shackled by ancient European systems, dared to be visionary and progressive. They started businesses of their own—and as time passed—their simplified and enriched their businesses. There was a place in America for every man who dared to reach out and grasp it. And so it followed that this nation, rich in ingenuity and talent, became the most powerful in the world.

**TODAY—AFTER FINANCING** two world wars, no part of which we invited or wanted, we are told that we must pour the heritage of our unborn generations

The most luxurious blankets are made of choicest virgin wools. A less expensive blanket which is strong and serviceable is one woven of 75 per cent wool and 25 per cent cotton.

into foreign countries whose people, through the centuries, never have known the meaning of peace. Being Americans, it is our natural and generous impulse to feed and clothe those who cannot help themselves. But also, as Americans, we reserve the right to know exactly where we are being led. Our people want to know what we have already spent abroad—what we have been committed to ship in wheat, coal, and other commodities. They are entitled to know all the needs in plain English—without bureaucratic cover-up and double talk.

For example, our people, who haven't forgotten the scrap iron that was sent to Japan, want to know why our farmers couldn't move their produce freely in 1946 and 1947. The answer is published in the Congressional Record. The Russians purchased \$115,000,000 worth of steel and heavy industrial equipment, including 216 freight cars and 145 locomotives during the first nine months of this year. They purchased much more than that amount in 1946, and they have until 1957 to start paying the bill.

There is another matter that is troubling our people. They would like to know why England and France have put in a

request for 152,000,000 tons of our coal. The answer to that one was published also in a recent copy of the Congressional Record. England is rich in coal mines, but the miners refuse to work more than 27 hours a week. The same goes for France. Thirty-

five hours is tops in both countries, while here, in America, our people average more than forty.

**THE RUSSIANS** hate our free enterprise system, yet they buy from us everything they can get their hands on. Why?

The Marshall Plan will be debated in Congress after the first of the year. Every citizen of America should read the debates carefully. We should be assured—if aid is given to foreign nations—that those who accept it will set about to help themselves.

## Palm Springs DEPARTMENT & HARDWARE STORE

### SR Hidden Springs Ranch

Hidden Springs Ranch is a new residential development similar in character to the Smoke Tree Ranch and by its original owner and creator. 1200 acres in estate sites. Private stables permitted on larger plots. Modern utilities including Big Inch Texas natural gas.

Facilities of the Hidden Springs Club—now under construction—available to home owners. Club House, dining room, heated swimming pool, Grill Room for younger set and cabanas for non-residents, recreations and summer care provide every advantage of a private estate without the responsibilities and expense. If there was a better location Doyle would have found it. It has everything.

Restrictions enable small artistic homes. Contracting and planning service available on the ranch at astonishingly low costs.

"Restricted", modestly priced, appealing to the conservative who would avoid crowds and ostentation. An atmosphere of gracious living with peace, privacy and comforts.

Directions: Ramon Road out of Palm Springs, across Highway 99 to the end—10 miles, 15 minutes commuting distance.

Ask for Mr. Doyle, ranch owner, or courtesy to your broker.

## Six Prizes Offered For Best Outdoor Yuletide Displays

Judging in the Christmas outdoor decoration program sponsored by the Palm Springs Garden club will be in three divisions, with two prizes to be awarded in each, it was announced today by Mrs. George Mannington and Horace Pendrey, co-chairmen of the club's interesting Yuletide program.

With a slogan of "Let's Decorate Our Front Yards This Christmas," the committee is seeking to have every home in the Village display an outdoor lighting display this year. Many persons are expected to drive long distances to see the spectacle of the lighted Christmas on the desert as they did in former years.

DETAILS OF THE DECORATION program and the club's contest were made public yesterday by the co-chairmen in the following statement:

"For the first time since the war good quality Christmas lights and ornaments are available, and a return to the festive spirit of outdoor decoration will be welcomed."

"Everyone should decorate, no matter how simple the arrangement. Often the least pretentious is the most beautiful. Those who already have or will purchase outdoor lights can arrange them over shrubbery, or on more trees or on the house. Many lights to feature entry ways or windows."

"ANOTHER FORM of decoration, desirable and at the same time inexpensive, is the use of vari-colored reflector bulbs to flood light the front of the house in an artistic way. Don't forget that indoor lights can be used outdoors if under porches or wide eaves, where the rain will not

reach them.

"As an incentive to brighten up your yards for the Yuletide, the Palm Springs Garden Club will award six prizes consisting of plants or shrubbery for the most outstanding displays. Awards will be made on the basis of three classifications: artistic arrangement, originality and completeness. Winners will be formally announced on the radio and published in the newspapers following the decision of the judges."

"The contest will be open to every resident without the necessity of entry, entry fee or other responsibility. Just decorate. Plans call for switching on the lights simultaneously December 22 at 7 p.m. The judges will later tour the town and do everything possible to cover every locality. However, if you feel your location is such that it might be overlooked, just call 7733 or 7677 and your address will be recorded."

"THE IMPORTANT THING at this time is to be sure you have the equipment before it becomes

## New Salon Opens In Village

## Village Publicity Paying Dividends

The publicity and public relations department of the Palm Springs Chamber of Commerce, recently instituted, is beginning to pay off in "dividends" as seen in the large number of photographs and news stories published in periodicals and newspapers throughout the nation.

Directed by Earle O'Day, formerly in the same position with the Palm Springs Associates which carried on an intensive promotional campaign in the '30s, the publicity bureau of the chamber of commerce is stepping up its production of pictures and written material. Full-fledged operation of the bureau had been delayed until now because of the use of Mr. O'Day in a special membership work during the past six weeks.

**PERSONAL CONTACTS** have been made by the publicity director with managers of news and picture outlets on the Pacific Coast. Most of them are his personal friends and associates.

Services of the publicity bureau are available to hotels, apartments and businesses of the Village without charge, the cost being defrayed from the membership dues.

**ALTHOUGH** the publicity director has been giving most of his time to the membership work during his first weeks here, he, nevertheless, has found time to provide picture and news releases and information to a large number of important publications. A full picture layout on the Village was furnished the New York Times on request. An article on Palm Springs, illustrated with

nearly a dozen photos, was furnished the Arrowhead magazine which will be distributed to all incoming Union Pacific trains entering California during December.

**A PICTURE** layout was provided Pictorial California, and another to the magazine Movie Makers beamed to amateur movie devotees. Pictures of the engineering staff and authority of the San Jacinto Mt. Tramway were sent to all picture syndicates on the Pacific Coast. Representatives of the Wall Street Journal, Colliers' and other publications have been greeted on calls to Palm Springs and provided with great amounts of information to be used in special articles on the desert. Dozens of news releases have been furnished other newspapers and magazines.

### Mrs. Marco's Son, His Family, Meet Death in Air Crash

Marshall O. Searle, son of Mrs. Vincent Marco, his wife, infant son and her mother were killed in a crash of a privately owned aircraft in Texas Wednesday.

Mr. and Mrs. Marco are associated with the Palm Springs Tennis Club and are home owners here.

Between 250 and 300 pounds of paper products of all kinds are used annually per capita in the United States.

## Grand Jury Hits County Hospital Administration

Change in the administration of the Riverside County hospital is recommended in a special report on file with the board of supervisors from the 1947 grand jury. The grand jurors urged that the operation of the hospital be under one over-all head known as superintendent instead of as present, under dual authority of a medical superintendent and a business manager.

The report said there was much to criticize in the administration of the hospital. Earl Coffman of Palm Springs is a member of the grand jury hospital committee.

C.N.P.A. MAILING SERVICE

Some of the most rugged country in the Southwest is traversed by the San Diego Aqueduct. The section here shown crosses the San Diego County-Riverside County line, continuing over the distant range. Water from the distant Colorado River will give San Diego and adjacent communities a supplemental supply with completion and dedication of a 71-mile Aqueduct Dec. 11. The conduit taps the Metropolitan Aqueduct in Riverside County. Dotted lines show extensions now under construction.

## Educators Arrive In Riverside for World Institute

Educators from ten universities and colleges west of the Mississippi will gather at the Mission Inn Sunday to inaugurate the 24th session of the Institution of World Affairs which will convene through Wednesday.

International problems under the general theme of "The World in Crisis" will be discussed under the general directorship of Dr. Charles E. Martin of the University of Washington.

Chancellor Rufus B. von Klein-Smidt, of the University of Southern California, who holds the same title for the institute, emphasized the seriousness of the conclave in the following statement: "Never has the democratic way of life faced more critical issues. The problems which they present must be solved to the interests of democratic organizations or we shall see the America that we have inherited and believe in pass away."

Representative of the Department of State, will be Dr. Bernard Drzewieski, director of the Reconstruction and Rehabilitation section of UNESCO. Allan B. Klein, president of the Iowa Farm Bureau Federation and Eugene Staley, president of the Institute of Pacific Relations are also participating.

### Open Air Art Show Planned for Village

An open air Art Festival is in the offing for Palm Springs according to plans just announced by Village artists.

At a meeting consisting of Jane Couts, Axel Linus, Albert Frey Sr., Eva Franklin, Andrew Laster, Mrs. Barbara Sarup, Robert Daley and Paul Davis, held in the offices of the Palm Springs Chamber of Commerce Wednesday night, tentative plans were outlined.

## Girl Scouts Awarded Merit Badges in Village

Merit award badges were awarded to several Girl Scouts at a meeting of the Girl Scout Council held in that organization's house Wednesday night.

Roberta Poliak and Marlene Markham spoke on Scouting activities. Mrs. Poliak, council president, announced that first class Scout badges were awarded to three girls at the November

court of honor, bringing the number of first class Scouts in Palm Springs to seven.

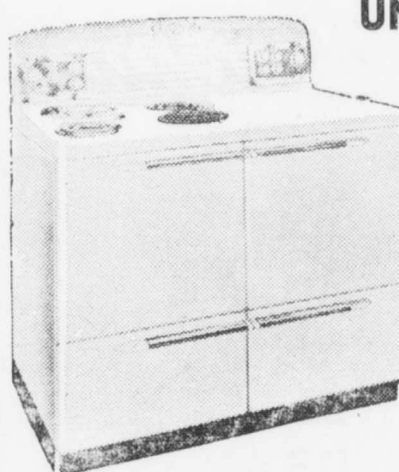

The badges went to Barbara Greeley of troop 3, and Roselle Pleasant and Eleanor Purcell of troop 2. Roberta Poliak of troop 5, won second class rank.

Mrs. Hutch Moseley was selected to represent the Girl Scouts on a Lions Club committee, which is preparing plans for increasing the recreational facilities at the Field Club.

The council suggested that Scouts or Brownies who have outgrown their uniforms, bring them to the scout house to be passed on to younger girls.

## Electrical GIFTS

Watch the happy gleam come into Mom's eyes when she first catches sight of the new shining, electric refrigerator, range, vacuum cleaner, washing machine, irons, blankets, pads, heaters "under the tree." # The Diplomatic Front

Creation of Jewish State to Have Deep Effect On Mideast Power Structure; U. S. Gainer

BY DONALD BELL  
(Copyright, 1947, Overseas News Agency, Inc.)

NEW YORK (ONA) — The emergence of a Jewish state on Palestine soil will deeply influence the power structure of the whole Near East. It is a decisive defeat of the Arab League, which was founded largely to prevent such a development, and it may in the long run, lead to its dissolution. Even more important, it is a great setback for British imperial policy which tried to establish Britain as the protective power of the Arab world. The huge area between Cairo and Calcutta is now in a state of ferment, with British influence almost at the vanishing point. The big question in world politics is now: who will inherit Great Britain's position in that crucial part of the world?

There is still a certain danger that Britain may attempt to foil the recommendation of the General Assembly by tacitly backing the Arabs in the next few months while liquidating her mandate over Palestine. This, however, would be most unwise from a purely British viewpoint. The Arab nations are militarily weak and in no position to wage a successful Holy War against the Palestinian Jew even with tacit British support. The Jews, on the other hand, are well organized, and they would fight with the courage given by despair and a reasonable expectation of being supported by the strongest nations on earth which have just sponsored the establishment of a Jewish state. If the British should commit the supreme blunder of encouraging Arab resistance against the United Nations decision, they would simply suffer another diplomatic defeat without restoring their former leading position in the Near East. For gratitude is a short-lived virtue in international affairs, and the Arabs especially are not noted for practicing it. Orientals are more likely to turn ultimately for protection to those powers which have proved their strength, and these are at present not Britain but the United States, and, to a certain extent, Russia.

ARAB RIOTS at this moment are the expected result of two decades of heated agitation. The Arab population has been worked up against Jewish aspirations by unscrupulous propagandists who are now obliged to open a safety valve so as not to be blamed by their misled compatriots for a policy that failed. But the shrewdest Arab politicians will soon realize that an unsuccessful Holy War will lead them nowhere, and that a change of policy is due. They must try a reconciliation with the great powers and even find, after a certain cooling-off period, a modus vivendi with the new Jewish state. The problem is

somewhat similar to that which exists between India and Pakistan, and it can only be hoped that reconciliation will be achieved in Palestine with much less bloodshed.

The real problem before the Arab state is no longer how to stop Zionism, which soon will greatly be strengthened by the influx of Jewish immigrants from the German and Austrian DP-camps and by the establishment of a Jewish administration, but how to maintain the precarious unity of the Arab League. Rivalries among the various Arab kingdoms and principalities are great. Emir Abdullah of the Trans-Jordan would like to swallow the remaining Arabian parts of Palestine. King Ibn Saud does not want an extension of Transjordan power anywhere on the Arabian peninsula. As the Transjordan is a British sphere of influence and Saudi-Arabia an important source of oil for the United States, this antagonism has an element of international politics. Palestine's neighbors to the north, Lebanon and Syria, would like to extend their power, too, but they are afraid of Iraq which is stronger and would like to expand to the Mediterranean.

The truth is that no Arab popular movement exists which could be compared to the Italian risorgimento in the second half of the last century. There are ideological differences between the Moslems of Egypt and those of Saudi-Arabia, and both claim intellectual leadership in the Arab world. Dynasties are battling each other. All this was overshadowed by the common struggle against the establishment of a Jewish state, but the time has come when the negative aim must be supplanted by something positive, and Arab nationalism has until now not been strong enough to forge all the Arabs into an entity. That is why the whole Arab movement, hitherto symbolized by the Arab League, will undergo a severe crisis once the major powers will have backed up their present UN decision by a show of force.

THE COUNTRY that presumably will win most in the long run is the United States. Americans alone have the material wealth which is needed for the economic development of this backward area. They already have an important foothold in Saudi-Arabia, and despite the insults against the American flag in some Near Eastern cities, Arabs will be impressed by United States power to impose a solution of the age-old Palestinian problem. The other major power which has sponsored the emergence of a Jewish state, the Soviet Union, could only fill the power vacuum left by the British withdrawal if a revolution upset the feudal systems prevailing in all Arab countries. But that seems

SANTA SWAPS SLEIGH FOR STREAMLINER! Resting his reindeer team, Santa Claus trained into Los Angeles in the cab of Union Pacific's giant diesel-powered "City of Los Angeles" to make his pre-Christmas visit to the youngsters. Pretty "Miss Claus," Consuelo Cezon and some of Santa's young fans were on hand to greet the jolly old man as he arrived on his 6,000 "reindeer power" streamliner sleigh.

National Guard and Reserve Corps . . . improve our regular army in peacetime . . . help produce qualified reserve officers . . . inculcate spiritual and moral ideals in support of American democracy . . . establish a pool of trained reserves who could be mobilized if a future crisis arose . . . provide large, trained groups to deal with problems of civilian defense or disaster . . . provide the mechanism for a wartime selective service system . . . give greater military strength at less cost . . . bring together young Americans from all parts of the nation to share a common experience and fulfill a common obligation to the country thus contributing to national unity—the foundation to our security!

impossible for the foreseeable future. The only advantage that Russia has from the present UN decision is the weakening of the British position in the Near East and the hope that other countries, like Egypt, will play a cautious game in the great struggle between the United States and Russia as Russian diplomatic assistance will still be needed to remove British troops from Egyptian soil.

## U.S.A.F. Sec.

tary and attempting to answer questions of newspapermen was Lt. Col. George L. Wertemaker, aide-de-camp to Symington.

THE GROUP landed at the local airport at 6 p.m. in a steady drizzle of rain. Before their arrival March Field authorities had contacted former Major Wilbur P. Davis, manager of the swanky Colonial House, informing him of the arrival of the secretary of U. S. Air Forces and asking if Mr. and Mrs. Davis could accommodate the contingent of high ranking officers for the evening and night.

BOTH Mr. and Mrs. Davis readily agreed, rushed to the airport and transported the group to the Colonial House where they spent the night.

They were scheduled to depart this morning at 9:30 o'clock for Muroc Dry lake where Secretary Symington will inspect the latest in jet propulsion aircraft. The commanding officer of March Field and his staff are expected to meet the group at that airfield installation today.

Most of the officers regretted not seeing Palm Springs, a resort about which they had heard so much.

IT WAS LEARNED that Symington is expected to continue his tour of installations throughout the United States in order to have a complete picture of the newly

created unit of this country's military arm.

Symington and two of the generals spent part of the evening visiting with Jacqueline Cochran on her ranch near Indio.

From Page One—MORE ABOUT

## Circus . . .

Board of Directors to be called by President Bennett in the near future.

Meanwhile, preliminary details of the Unique Village Vanities (nee Insanities) which are produced annually by Mrs. Melba Bennett are under discussion this week. Theater location and rehearsal quarters are expected two of the biggest hurdles for the planners of a hilarious show which has been the highlight of the Circus for many years.

The program of events for the 1948 Show is expected to be little changed over former years except for the weekend horse event. The rodeo will not be presented by the American Legion in the Circus week. It is thought probable that the Saturday afternoon activity will be a horse show or similar event.

## More Time

City Gets 90 Days Extension on Airport

City Council in regular session Wednesday heard City Manager William Alworth report that an extension of 90 days has been granted the city by War Assets Administration, in which to decide on the acquisition of lands now being used as part of the airport's runways.

The extension of the 90 days begins on December 29, Alworth announced.

Therefore by the deeds of the law there shall no flesh be justified in his sight: for by the law is the knowledge of sin.—Romans 3:20.

## Payroll Check Thief Arrested In Pasadena

Sought by police authorities here and in Los Angeles, Bill Hastings, asserted to have stolen 250 payroll checks belonging to the contacting firm of Dick Maybrey, was taken into custody in Pasadena yesterday.

Before Hastings' arrest approximately \$3000 of the forged checks had been cashed in business establishments in Huntington Park, Los Angeles and Pasadena.

He will be brought back to Palm Springs to face charges of burglary and forgery, Chief of Police August Kettmann declared.

## Money To Build

Capital Outlay Fund Of City Gets \$30,275

Capital outlay fund of the city was enriched by \$30,275.99 amounting to 75 per cent of the city's sales tax which has been in effect since March 1947.

The transfer of that sum of money to the capital improvement fund took place at a regular meeting of city council Wednesday.

Twenty-five percent of the \$40,367.99 total collected, amounting to \$10,092, was transferred to the general fund.

## Let's Dance

Five Spots Get Permits, Three Need Changes

Five Village establishments were granted dancing permits by council in session Wednesday and three were temporarily denied permits pending further conformation to ordinances.

Granted permits were The Racquet Club, The Doll House, Colonial House, The Stables and Roy Randolph for a dancing school in the Plaza theater.

Denied permits were Del Tahquitz Hotel, Pago Pago and the Zanzibar.

House guest of Darryl Zanuck and a frequent shopper in the downtown district this week was Clare Booth Luce, former congresswoman, author, playwright and at present writing for the screen. With her in the Village was her husband, Henry Luce, publisher of Time, Life, Fortune and other noted periodicals.

From Page One—MORE ABOUT

## This Side of Sun . . .

embarrassed, tip-toed up and tapped me on the shoulder. . . If it hadn't been a war, the kid would probably have ducked the job and gone back to report he couldn't find me. . . He was no church goer.

I NEVER KNEW until the other morning that a garbage can could be aesthetic . . . But when it started to rain, there was one such container just under the rain spout and it certainly made lovely music with the rain dripping down with a sleep-inducing rhythm . . . Why is it that the bloop-bloop of a dripping faucet sends you nuts while the almost similar sound of a rain spout makes you purr? . . . When Warren Slaughter, assistant city attorney, christened his new daughter Noreen Catherine, he remarked: "When she grows up only a fellow with a moniker like O'Brien will suit that Irish name." . . . There are a lot of Irishmen due in the Coliseum tomorrow . . . Tripucka, Lujack and the like . . . Notre Dame always has a lot of good Hibernians on its football teams . . . Remember Stuhldreher, Schwartz, Carriedo, to mention a few?

MOSCOW has missed a grand bet in its search for an insidious propaganda weapon . . . Why monkey with the films trying to slip in Un-American lines here and there, or muscle into the schools? If the Reds were smart they'd start a "Filler" business . . . Know what a filler is? . . . It's anything from two to five lines of type telling you how thick is an elephant's skin, Patagonian natives don't wear black ties with tails and other bits of heart-rending information . . . The make-up man uses them to chink out the little holes left at the bottom of columns and in other spots to keep the news and ads apart . . . They come in assorted sizes all ready to use and the editor, who gets blamed for everything, never sees 'em . . . So that's why there can appear in a Palm Springs newspaper a little item about how Phoenix, Ariz., is the world's most sun-shiniest city . . . Boy, did I hear about that one . . . A good Commie could count on it getting into print from one end of the Commie could write a little insidious propaganda in a bunch of fillers and count on it getting nation to the other without any editor getting wise for a while.

SHOULD really start another department entitled "Transportation Corner" or something like that . . . The following items are about railroads . . . First, Chuck McGann of the FSP brought in an Espee calendar and for December, the space above the dates is devoted to a picture of the Palm Springs depot with the road's new Golden State and a lot of well known Villagers posing before it . . . Charley Littler really did all right by us . . . The calendar will bring the Village to mind to people all over the nation every time they look up to see the date of Christmas

PALM SPRINGS, CALIF.  
Friday, December 5, 1947

The Desert Sun—5

this year . . . And Jay Rollman, of the Santa Fe, writes his thanks for the tip about the used cigaret package on the replica of the desert in his office window . . . Calvert's right hand man in the Village wrote as follows: "Dear Phat: I read your column last night while seated in the FSP office and immediately came to my own office to look for the used cigaret package you referred to but found none. The clean-up committee must really be on its toes, they got the package between the time The Sun hit the street and six o'clock that night." . . . In speaking of Rollman as being Calvert's right hand man, the reference is to F. F. Calvert, the A. T. etc's passenger man at San Bernardino, not the firm which caters to men of distinction.

AND REMEMBER, if you don't mail it by next Wednesday it may not be there by Christmas.

"Joe wants to be a professional golfer, he says. But I doubt if he'll even be a CADDY very long."

## School Districts Unit

One School Board To Serve Elementary and High School Districts After July 1, 1948

Although the new unified school district, approved by petition of qualified electors of the Palm Springs area in November and December of 1946, does not come into official existence until July 1, 1948, an acting board of trustees for the new district is already at work. The new district combines the high school and Desert District boards.

The first official duty of this board, assigned by County Superintendent of Schools E. E. Smith, was performed November 20 when the acting trustees officially adopted the name "Palm Springs Unified School District" as the legal designation of the new district. Superintendent E. E. Smith had requested the acting board to agree on a name so that he might report it to the county tax department for use in published tax lists for the fiscal year starting July 1.

IN ORDER TO SET UP an acting board the county superintendent appointed two trustees from the high school district to supplement the Desert School (elementary) Board. The law specifies that when a unified district is established the elementary board becomes the single controlling board after it has been increased from three to five

members. The Desert School board has as members: Willard Hillery, Mrs. Melba Bennett, and Gordon Feekings. County Superintendent E. E. Smith appointed Charles J. Burket and Judge Eugene Therieau, both of the high school board, as trustees to supplement the Desert School board.

The new Palm Springs Unified School District embraces all of the Palm Springs area, Cathedral City, Desert Hot Springs, and the Edom School District. After July 1 there will be only one board of control of five members for the entire area.

Although Mrs. Melba Bennett could not attend the first meeting of the acting board for the new district she had previously agreed to give her assent to the adoption of the name which will be used exclusively after next July to designate the public school system for Palm Springs.

## City Beautification Committee Made Official by City Council

A new organization has been added to the official roster of the city.

This action took place Wednesday night when city councilmen in regular session voted to designate the city beautification committee as an official adjunct of the city government.

This committee has its roots in the recent organization of the city-wide clean-up campaign committee.

COUNCILMEN AGREED that the members of the committee will be empowered to make recommendations, oversee clean-up campaigns and to conduct drives to clean up the city whenever it is deemed necessary.

At the same time council went on record praising the Clean-up committee on the splendid job performed during the recent campaign.

According to the plan of organization as submitted to the city the executive committee of

the organization would function until April 1 of each year when elections would take place.

DURING THE INTERIM block captains, each having not more than 24 lots under his jurisdiction, will be chosen throughout the community. Their duty will consist of a continuous checking on unsightly lots and acreage in their zones. Continued disregard of suggestions to property owners to clean their lots, will be cause for a citation into court.

The executive committee that will continue to function until next April will be headed by Harold Hicks.

## Business Women Fete Members and Hear Talk by County TB Officer

Regular dinner meeting of the Boggess, affiliated with the Riverside County Tuberculosis association gave a very interesting talk and motion pictures were shown. A delightful musical program was presented by Holly Visel, featuring the Girl's Quartette with Kenneth Woodbury, from the Community Church, accompanied by Lois Lux at the piano.

## Dessert Bridge Planned Tuesday

Members of Our Lady of Solitude, Catholic church, will be hostesses at another dessert bridge in a series now being given next Tuesday afternoon at the home of Mrs. Alice Guthrie, 650 Via Miraleste.

The afternoon's play will start at 2 o'clock.

On October 13, 1775, Congress voted to establish a committee to handle Naval affairs. This body, called the Marine Committee, and composed of three members, was the forerunner of the present Navy Department.

Experiments on the use of chemical weed killers began about 1895.

# Right up in the FOUR-FRONT

SCATTERED across this nation are some of the eagiest automobile buyers the world ever saw.

They cut their eyeteeth on a steering wheel, so to speak—they know car values from A to izzard—and you have to be plenty good to step ahead of your price class in the volume of your sales to them.

That's why it's startling—sometimes even to us—to see the double-barreled story of public preference that's written in the sales records and registration figures:

ITEM: Only three cars outsell Buick—and all of these are in the so-called "low-price field."

ITEM: In some localities—and quite often in polls that ask "Which car will you buy next?"—Buick ranks not fourth, but third, actually ahead of one of the lowest-priced three.

Naturally, the smart buyer will ask "How come?"

Well, the most standout style of the season, the style that's the clearest forecast of wonderful

things to be, undoubtedly has much to do with it.

But that isn't all. The dollar is still a pretty important measuring stick.

So we don't think Buick could be where it is if it didn't offer a bigger dollar's worth—bigger in size and substance, in lift and life, in soft ride and easy handling, bigger in the all-round happiness you'll get out of your buy.

Which suggests, of course:

Why go against the solid judgment of your fellow men? Why not see your Buick dealer now—with or without a car to trade—and place the order that will put you where you belong, right up in the four-front?

## ONLY BUICK HAS ALL THESE STAR FEATURES

## Contracts Signed And Work Started On H. S. Year Book

The contracts have been signed and the 1948 Chia is on its way toward being the greatest annual ever to be published by the Associated Student Body of Palm Springs High School. Mrs. Kathryn Martin, faculty advisor to the Chia staff, said today.

Bound by the Universal Bookbindery of San Antonio, Texas, in a white padded cover of "Mhirl-grain" with CHIA in red script across the front, its 88 pages full of school activity will be printed by Neyenesch Printers of San Diego, who offered the best bid. They printed 24 year books last year and hold an annual exhibit of yearbooks in San Diego. Los Angeles Engraving company will handle the engraving, and Jack Cannicott, their coordinator, who is also advising the staff on make-up, guaranteed them the very best in reproductions.

Mrs. Martin said that every effort has been made to obtain the very best printing and binding possible. Bids were received from five printers in the state and correspondence was carried on with yearbook printers as far east as Chicago.

Less than half the children entering the first grade in Nebraska are graduated from high school.

The mighty Amazon river contains more water than the Mississippi, the Nile and the Yangtze rivers combined. It is 3300 miles long.

**SADIE HAWKINS DAY**—It was a great day and a great time was had by all—that annual Sadie Hawkins day dance Friday at Palm Springs high. Above the gang is (as they used to say in the quaint old days) cutting a rug, only there aren't any rugs, just plenty of cut-ups. (Plaza Camera Shop photo.)

## Wintry Day Cannot Chill Ardor Of Gals on Sadie Hawkins Day

Despite the edge of winter in the air, hearty Palm Springs Coeds challenged last Friday's unusual storm clouds by donning the traditional garb of Sadie Hawkins Day. An assortment of Daisy Maes, Pappy Yokums, and Lil Abners covered the high school campus and recovered the spirit of the yearly event well-known to comic strip lovers.

Those gals who finally captured their men led them victoriously to the evening dance held in the high school auditorium. Here the Virginia Reel, the Paul Jones, and variations of the modern dance enlivened the party. Joyce Buck and Bill Styers won the prize awards for being the most "Dog-patchy" of the group.

Below hanging scarecrows on the hay-strewn floor, the group danced away a Sadie Hawkins Day to be well remembered.

## Manseye View Of Styles Goes On Ether Waves

The radio class of Palm Springs High School presented a "Man on the Campus" program last Tuesday, over KCMJ, at 1:45 p. m.

Mortel Gilbert, the man, gave a Marryin' Sam's eye view of the Sadie Hawkins Day festivities which were held at P.S.H.S. last Friday. He described the costumes and interviewed "characters" walking around the school grounds. The broadcast was recorded on a wire recorder, edited over the week-end, and put on a transcription.

The broadcast was under the direction of John F. Schwendiman, speech and radio teacher. This is one of a series held every week at the same time.

## Senior Girls Win Basketball Joust With Four Straight

Winning all four of the basketball games they played, the Senior girls walked away with the title of champions in that G. A. A. sport. The final scores were: first game, Seniors-15; Nye's Junior team-13; second game: Sophomores-7, Freshman-6.

The girls who made varsity this year in G. A. A. basketball are the following: Betty Ann Lilley, Mary Louis Klug, Marlene Knowler, Sandra Cordrey, Ramona Woods, Hortensia Ortega, Barbara Jones, Sandra Veano, Mabel Potter, Nancy Nye, and Marilyn Ellsworth. Honorable mention went to Joanne Wilkes, Dixie Smith, and Vickie Matloff. A letter was awarded to Bonnie Sue Taylor.

## On the Warpath

By Mort Gilbert

Basketball season is here, and all the lads that have been throwing wadded paper balls in the waste basket in the class rooms will be rewarded. Now when they throw baskets it counts two points!

The prospects for the local hoopsters as far as manpower goes is very good. Due to the recent transfers of boys from other schools the football team received many assets and now it is hoped that the basketball team will receive the aid of some of these athletes.

Eddie Weiss, who did a bang up job on the football team, has had some experience at center, old Lopez will again be out for his third year in a row and is the only one left of the original team who started last year. Henson and Blackhart will be out for the varsity this year after being the two high scorers of last year's B team. Many other boys are going out for this sport.

Naturally the fellows need a gym very badly, and the prospects of getting one in Palm Springs is very poor. This will be the big obstacle for the team to overcome.

The locals take on 29 Palms tonight with very little practice, and although this is not a league game, victory would be sweet.

Halley's comet has been traced back to 240 B. C.

## 25 Turn Out for Hoop Practice

Swish! Two points, was the familiar sound last Monday when the first somewhat mobbed basketball practice was held on the high school basketball court.

Spirit boomed as some twenty-five fellas had hopes of making the varsity squad. Humberto Lopez, returning varsity letterman, will probably have a clinched guard spot on the team. Dick Dorro, who played varsity for Hemet last year and part of the season for Palm Springs, was also present. Chuck Blackhart and Dick Henson, returning B lettermen, also show promising ability. Others who showed up or practice were Charlie Black, John Black, Bill Styers, Byron Norris, Morris Soto, Tom Raphael, Don Henson, "Cheetah" Roberts, Fred Gates, Will Vajsabel, and Stuart Graber. Ed Weiss is also out for basketball but he was not present at the practice.

The first practice game will be held tonight with the Twenty-Nine Palms High School team at the latter's court. Last year when Palm Springs played Twenty-Nine Palms, it was an Indian victory but this game tonight may not be won as easily as the last one.

## Turkey Dinners At Two-Bits by Winder Cooks

Ada Chidley and Patsy Walters, the two wonder cooks of the P. S. H. S. cafeteria, have done it again. That is, they've turned out another one of those scrumptious, appetizing and wholesome Thanksgiving dinners for only 25c. Ada and Patsy were really busy hustling up enough turkey to feed the 117 students who bought turkey dinners that day. I sometimes wonder where Ada and Patsy get all the energy they have. I guess it must be from that delicious food they serve in the cafeteria.

In case you're interested in facts and figures (numerical, that is) here is what went into the dinner: 159½ lbs. of delicious turkey, 155 spuds, 18 tempting mince pies, 15 lbs. of cranberries, 35 lbs. of peas, just gallons of turkey dressing and about a million slices of buttered bread (almost). This was the first time when I couldn't manage a second helping.

A small lake or fish pond is a valuable asset to any farm.

Discussing "The Evolution of Home Furnishing," Amy Ames, interior decorator and home furnishing coordinator of Bullock's Stores, found an interested group of listeners at the Woman's Club on Monday afternoon.

## Come to Desert To Recuperate From Jap Camp

Mrs. Marjorie Scott Thomas and her two children were among the guests vacationing at the Sage and Sun apartments at Palm Village for the month of November. Mrs. Thomas, her husband and children arrived in the United States twelve months ago from China where all four members of the family were born and had spent their lives.

Mr. Thomas was sales manager of the Kailan Mining administration in Tientsin at the time of Pearl Harbor when the Japanese seized the city and interned all the British and American residents in the British Concession in Tientsin, for the first fifteen months of the war. During March, 1943, the Thomas family, together with other American, British, Belgian and Greek families, was sent to the so-called "Civilian Assembly Center". This was a concentration camp in Northern Shantung where they were held until liberated by American air-borne troops at the end of the war.

The Thomas family returned to their home in Tientsin where they remained a year before deciding to leave China and take up permanent residence in California.

The reason for their visit to Palm Springs is one of health, as the two children have not yet fully recovered from the effects of their enforced stay in the Shantung camp as "guests" of the Japanese.

## St. Paul's Guild Christmas Party Great Success

Annual card party and Christmas Sale of St. Paul's in the Desert Guild was another highly successful affair at the Desert Inn Tuesday.

A report on the success of the event is now under preparation by Guild committee members in charge.

Many members and friends of the Guild and St. Paul's Episcopal church were in attendance to enjoy the bridge tea and take advantage of the Christmas tables,

A home of modern architecture, spacious rooms with large windows, deep-toned walls and light furniture was the picture Miss Ames presented as the perfect Palm Springs home.

During the business meeting preceding Miss Ames talk Mrs. Florence Murphy, president, led a discussion on forming club sections and asked that all members interested in planning these sections contact her.

It was announced that the series of bridge teas planned by the Woman's Club has been postponed until the first Thursday after New Years. They will be held at the Tennis Club starting January 8th for a period of eight weeks.

At the close of the meeting members and guests enjoyed an old fashioned tea and had a look at the lovely antiques the decorating committee had assembled as a fitting setting for the afternoon.

Since the club meeting arrangements have already been made to start a knitting and sequin section. The first meeting will be held Thursday, December 11th at the club house. All members interested in this section are invited to be present on that date from two to four o'clock in the afternoon.

## Beverly Hills Visitor Honored By Mrs. Brown

Mrs. Ona Brown, who recently returned to Palm Springs to spend another winter here after a summer in New York, Bermuda and Lake Tahoe, entertained Tuesday afternoon in honor of Mrs. Julia Carter of Beverly Hills, her house guest.

Among those present were Philip Belmont Jr., and Lloyd Walton of New York and Mr. and Mrs. James Norris of Chicago and Hollywood. Mr. and Mrs. Norris, who have been visiting Mrs. Brown for the past few days, left this week for Chicago but plan to be back in the Village again this season.

especially the White Elephant table.

Mrs. Raymond Wilson was general chairman for the delightful affair.

Pleasure driving gas has been banned in England. We still have gas but there's darn little pleasure driving.

# Social ACTIVITIES

By JOYCE COULTON and NANCY JAYNES

WEDDING PARTY—Mrs. Merrill Crockett (left), matron of honor; Mrs. Gordon Feeckings (Josephine Sprague), Mr. Feeckings and Don Maher, best man, pictured after Mr. and Mrs. Feeckings exchanged vows in Los Angeles last week. (Ted Miller photo.)

ARIZONA CO-EDS—Miss Helen Nelson and Miss Mary Mitchell, junior and freshman at the University of Arizona, who spent their Thanksgiving Day vacations as the guests of Mr. and Mrs. Wilbur Davis at the Colonial House. Both guests were intrigued with the Village and plan to return again during vacation trips. Miss Nelson and her family have long been friends of the Davises. (Desert Sun photo.)

## JOYA and JAYNO Tell All

As Leo Fields and Connie Barleau were seated in the Doll House Monday night, two blind beggars found their way into the dining room via the kitchen door. One was displaying extraordinary talent on the violin while the other passed among the tables with a battered tin cup. Many laughs ensued upon the removal of the men's dark glasses. . . . And who was it? . . . Who could it possibly be but Milt Hicks and Ruby, vacationing from the Dunes. . . .

After the masquerade was over Ruby joined Felix and Leo to make the popular duet a grand trio. . . . and to keep the numbers even, Connie Barleau joined in to make a sensational quartette. . . .

Don Hornsby seems to be a bigger drawing card for the Chi-Chi each night. . . . Excellent piano and lots of laughs keep his audience coming back night after night. . . . Tuesday night found there the Harry Reids celebrating their six month wedding anniversary. . . . Cliff and Maxine Halstead, Ethel and George Strebe, Leo Fields, Bob and Beverly Beck, John Seamans, Nick and Mary Carter. . . . Lolly and Tommy Lyon. . . . Think Lolly's new haircut (given to her by Nell Hees) and that of her mother, Muriel Bering, are most becoming. . . .

Seen improving their stroke at the Tennis Club this week were J. Carroll Nash, Hilda and Bill Talbot (working hardest of all and making great strides), Joe Ciano, and the Robert Taylors. . . . On the sidelines the James Simonds (who are staying at Deep Well). . . . Taking a peek at the tennis matches before going out to Palm Desert were the Ross Clarks and Bob Kellards. . . .

Bingoing at the Tennis Club were the Gordon Prentices. . . . Celebrating her birthday, Mrs. Noble Banks, with Mrs. Homer McKee, Mrs. A. E. Nelson, and Mrs. J. R. Rice. . . . At another table the Al Weingartens and the Earl Houghs. . . .

Seen at the Doll House Lester Friedman and Lynn Eccleston (owners of Western Fashions and who together design Lynn Lester fashions) with Mrs. Friedman, the Marvin Tragermans, the Myers Siegels, the Bob Moores, Pat Lucey, Dorothy Epling, and the Bill Marvins. . . . the Jesse Laskys. . . . Ruth Laurel celebrating her birthday. . . . the O. B. McCrorys. . . . Sue Stanley. . . . Rand Brooks. . . . Warren Strebe (one of the freestribes) and his wife. . . . the Mark Blooms. . . . the John Lawlers who have now returned to Burlingame. . . . they

## Well Known Villagers Wed In Los Angeles

Mrs. Sprague Bride Of Gordon Feeckings At Church Wedding

At four o'clock in the afternoon of Nov. 27, Mrs. Josephine Sprague and Gordon Feeckings were married at a simple ceremony performed by Dr. Paul Covey Johnston in the Immanuel Presbyterian Church, Los Angeles.

The bride wore a powder blue dress which had a tunic covered with bugle beads and a hat of small blue feathers. She carried orchids on a prayer book.

Attending the bride as matron of honor was Mrs. Merrill Crockett who wore a dress of apple green and carried brown orchids. Don Maher was best man.

Following the ceremony Mr. and Mrs. Donald Maher, Mr. and Mrs. Merrill Crockett, and Mr. and Mrs. Gordon Nicholson feted the newlyweds at a dinner in the Coconut Grove.

Mr. and Mrs. Feeckings honeymooned at the Ambassador Hotel and are planning a trip to Honolulu later in the season.

Mrs. Feeckings is the past president of the Woman's Club, a member of P.E.O. and O.E.S., and is prominent in many civic and social activities in the Village.

Mr. Feeckings is the past president of the Chamber of Commerce and past commander of the American Legion. He serves on the board of both the Desert School District and the Palm Springs High School, and is a member of the Planning Commission.

These are the facts about the President's food conservation program. People in western Europe are trying to build free, democratic countries. But these people are hungry. Crops are bad. They need help—our help. Without it their hunger may force them into a way of life that is opposite of ours. We must help. And we can help by cooperating with the President's food-saving program. Resolve right now to do these four simple things: Eat no meat on Tuesdays. Eat no eggs on Thursdays. Save on bread and cooperate with restaurants which serve bread and butter only on request. Waste nothing—clean plate at every meal. Remember, save wheat—save meat—save the peace.

entertained many of their Village friends for cocktails last Saturday in their home. . . . the Trav Rogers with their houseguests the Merle Templetons. . . .

The Al Weingartens entertained some of their friends Wednesday night at their home. . . . The Robert Ransoms brought back the Thomas Scullys with them from Borrego Springs for the weekend. . . .

Please note the change of date of the Welfare and Friendly Aid dance from Dec. 11 to the 18. . . .

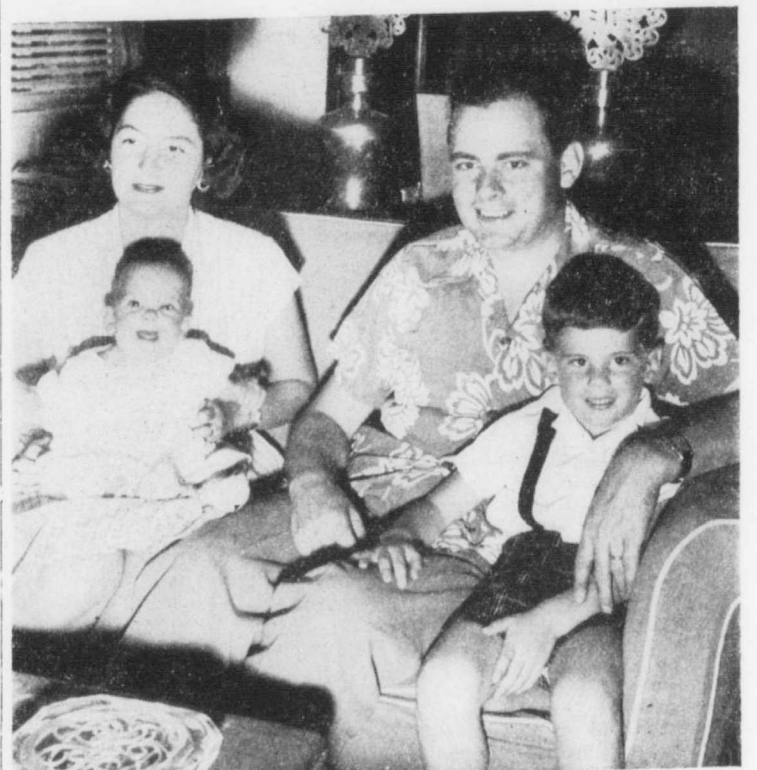

Harry and Pat Reid entertained for cocktails at their home Wednesday night. . . .

We're thinking of organizing a class in the art of operating those complicated mechanical devices better known to Villagers as a Palm Springs pay phone. . . . "HELLO, HELLO, PLEASE PUT YOUR NICKEL IN THE SLOT!"

## Golf Course Is Thronged With Many Visitors

Seen on the golf course last week-end J. Ross Clark of Los Angeles, who with his wife were week-ending in Palm Springs; Bob Brayton and T. C. Patterson, Lakeside Country Club players, Mr. Patterson by the way is now a property owner at Desert Palm Estates, Fred Collinge and Paul Belding, Mr. and Mrs. Bob Kellard, Mr. and Mrs. Henry Berg and Dr. Wallace Dodge, all of Los Angeles; Mr. and Mrs. Asa Call and Mr. and Mrs. E. M. Griffith who are vacationing at the Desert Inn; Ben Shearer down from Seattle, Mr. and Mrs. Chas. Skouras, vacationing at the Ambassador Hotel and John Carroll and Carl Haymond.

The United States has about 40,000 concerns processing milk, butter, cheese, ice cream, and other dairy products.

VILLAGE VISITORS—Mr. and Mrs. James Stewart Munroe of Pasadena, and their two children, James, 4, and Laurie, 7 months. Mrs. Munroe is the daughter of Dr. and Mrs. William Colburn of the Village and she and her family are frequent winter visitors here. (Desert Sun photo.)

## There's a Well-Trodden Path from Pacific Northwest to the Sands Of the Desert Around Palm Springs

Between the cities and towns in Northern California and Northern U. S. A. and Palm Springs lies a well-trodden path. Over this path come the residents of Seattle, Portland, San Francisco, and their outlying vicinities year after year seeking the relaxation and fun of desert living.

From Seattle this week came

Mr. and Mrs. Gordon Prentice, frequent winter visitors, who reside at Estrella Villa. The Prentices will be at home in Seattle for the holidays, then return in January with their daughter, Barbara, for the season.

At Estrella Villa also are Mr. and Mrs. Harry Ross and Dr. and Mrs. B. F. Balkema, all of Seattle.

From Menlo Park to Thunderbird come honeymooners Mr. and Mrs. Peter Lewis, and from Oakland, another honeymoon couple, Lt. and Mrs. Arthur Minewegen.

Another Seattle couple who are in the Village for the season are at the Hotel the Oasis are Mr. and Mrs. H. E. Maltby. Mr. Maltby issued, they were worth less than \$10.

Maltby is the co-owner of the Maltby-Thurston hotels, well-known in the northwest. At the Oasis, too, are Mr. and Mrs. David C. Dutton of Piedmont.

San Franciscoans, Mr. and Mrs. John Gallois have reopened their Village home after spending the summer traveling abroad.

The word mess comes from the Latin "missum", which means sent or placed in position. The word thus came to mean a dish sent to the table.

The ten costliest air mail stamps in existence today have a total value of \$51,800. When issued, they were worth less than \$10.

## Tacheva Drive, Blocked by War, Is Again Opened

It will no longer be necessary for residents living directly east of Torney General Hospital grounds to skirt the boundaries of that war-time institution to reach their homes.

Tacheva drive, blocked during the war by government officials was opened by the city this week.

The wire fence which blocked entrance into this street has been removed.

Shortening of daylight hours, as winter approaches, calls for extra care on the part of pedestrians. When walking after dark, wear or show something white.

# Seven Penalties to be Invoked for "Car Clouting"

## Transportation Chief Says Too Many Violate Law

Must Stop for School  
Bus Going Either Way  
He Reminds Motorists

A renewed campaign to protect the lives of school children of Palm Springs was planned by George Bond, transportation superintendent of the Desert School district following reports of some close calls due to thoughtlessness or carelessness of motorists on streets in the residential district.

Bond again called attention to the state law which provides that motorists must stop when approaching a stopped school bus from EITHER direction.

"TOO MANY of them do not know that this is required," he said. "Most of them know that they must stop when overtaking a school bus which has stopped to load or unload children but a lot of them don't know that they are supposed to stop, too, if going in the opposite direction from the bus."

"They figure they are on the other side of the street and can go ahead. The law requiring a stop in BOTH directions is of special importance in Palm Springs because a lot of our streets are so narrow."

TO DATE the district has been fortunate in that no serious accidents have occurred. But with the school enrollment increasing steadily, more busses on the routes and increasing motor traffic on all streets, extra precaution is needed to maintain the city's record, Bond said.

He is now considering the posting of attractive signs on some of the streets where traffic speeds along and which are used by school busses several times during the day.

"But, in the meantime, eternal vigilance is needed to protect the youngsters," he said.

NOTHING LIKE IT—Madame Jacques Bolinger, second from left, head of the famous French champagne clan, says there is nothing like it anywhere as she looks over the Tennis club grounds with Mr. and Mrs. Lee Bering, right, and Richard L. Blum of New York, well known wine importer. (Maurice Terry photo.)

## Head of Noted French Champagne Firm Is Visitor in Palm Springs

En route east today after a stay in Palm Springs where she divided her time between the Tennis Club and the Racquet Club was Madame Jacques Bolinger, head of the famous French champagne firm.

With her on her visit here was Richard L. Blum of New York, president of the Julius Wile Sons and Company, well known im-

porters and the Bolinger clan representatives in the United States.

Madame Bolinger is on a tour of the United States before returning to her home in Paris.

She was favorably impressed with Palm Springs and the surrounding desert, amazed at the great development here and clubs and guest ranches.

## Liquor Licenses Untaxable Rules Court of Appeals

Any chance that Palm Springs city government or the county could profit from taxes on state liquor licenses in effect here went glimmering last week when it was ruled such licenses are untaxable.

The fourth district court of appeals, sitting in San Bernardino on a test case of state-wide interest, ruled Orange county could not tax the licenses.

San Bernardino county, which had assessed licenses for the first time, and other counties contemplating such levies, were interested in the case.

## Nurses Wanted By Uncle Sam

The U. S. civil service commission has announced examinations for general staff nurse, \$2,644 a year, and head nurse, \$3,397 a year, for filling positions in the various Federal agencies in California, Arizona, and Nevada except the U. S. public health service and the U. S. Indian service.

Information and application forms may be obtained from the commission's local secretary, Earl Waller, at the post office. Application must be filed with the director, 12th U. S. civil service region, Room 129, Appraisers building, 630 Sansome street, San Francisco 11, California, not later than December 22, 1947.

## Forestry Service And Riding Groups To Work Together

New Supervisor Meets  
With Association on  
Visit to Palm Springs

Continued co-operation between the forestry service and the various riding organizations in Palm Springs who use mountain trails was assured this week when Norkal Farrell, new supervisor for the San Bernardino National Forest was in town to attend the luncheon meeting of the Horsemen's association at the Desert Inn.

Supervisor Farrell was accompanied here by William A. Peterson who is being transferred from the San Bernardino forest position to supervisor of the Plumas National Forest with headquarters at Quincy.

The new supervisor of the local forest area formerly was supervisor of the Cleveland National Forest with headquarters in San Diego and more recently held the same position in the Shasta National forest. The San Jacinto mountains are a part of the San Bernardino National Forest.

Adequate horse trails in the forest area coupled with constant precautions to preserve the forests have marked the relations of riding associations and the forestry service in the past and will continue, it was indicated.

At Monday's meeting President Frank Bogert of the Horsemen's association warmly thanked Peterson for his assistance to Palm Springs riding groups in their trips through forest areas.

## Veterans Warned on Souvenirs

Veterans of World War II who brought home firearms as souvenirs from the battle fields of the world were warned that if they possess a machine gun, machine pistol or any firearm capable of firing more than one shot with one continuous pull of the trigger, that these weapons be registered with the Commissioner of Internal Revenue at once.

Failure to comply may result in a fine or imprisonment it was pointed out. Full details may be obtained by writing the near-

est Alcohol Tax Unit Office of the Bureau of Internal Revenue. Chief of Police A. G. Kettmann received notice of the warning to veterans this week.

The Ohio river is nearly 1,000 miles in length, is 1,500 feet in width in several places and contains numerous islands.

To prevent skidding on wet or slippery pavement, start slowly, speed up and slow down gradually and turn slowly.

## Horse Tales

By RYDER

Saturday is Western Day in Palm Springs. Now I could be wrong—but it seems that information was once given to me regarding this practice. All local residents (employees, home owners, etc.) were to appear in Western attire every Saturday. Last season there were a lot of people who did just that, with only a limited few refusing to "go along with the idea." What has happened this season? I doubt if one out of ten persons wears boots and frontiers on Saturday. Palm Springs is now my home but I am from the East and would like to sound off a little about this Western idea. The people of Philadelphia, Baltimore, Boston and Chicago do not travel 3000 miles to see the same thing they can find on Broad street, Calvert, Beacon or State. They came out here for a change. The major attraction is our climate but they also picture the west as it is shown in the movies and as Zane Gray tells about it. Since it is the Easterner who brings most of the money to our community, let's give him some of the things he expects to find here. Let's create a Western atmosphere. "LET'S GO WESTERN" every Saturday. And don't forget the Gymkhana on Sunday.

A Gymkhana is a baby rodeo with events for the Dude to enter and have fun. It is something different and a real Western event. It isn't necessary to cross the country to find a card game and too many of our guests fall back on just that, simply because they do not know there is anything else to do around here. We've got a pretty good little spot here so let's tell the world about it and make the trip here something to write home about. Society and Glamour may come here in droves, but they come to relax and what is better than an old pair of blue jeans, boots and flannel shirt for loafing around. Not to mention fresh air, sunshine and sociable people? A moonlight ride, a Gymkhana, a gang in a buckboard or a hay rack ride sure brings out the best in people. A change from sophisticated city life would be a welcome change for many people. Yep—sure looks like a good idea —"LET'S GO WESTERN".

**DID YOU KNOW** that Jack (Flying saucer) Boyer has been running breakfast rides for high on 22 years and is still going strong? He always arranges some interesting events to hold your attention after the grub is et and now that the ride is transcribed on the spot (for broadcasting over KCMJ every Saturday evening at 7:30), it is even more fun.

Why not get some of your friends together and make up a party for next Saturday morning? Call any of the local stables for a horse or seat in the buck-board and come out and join the fun.

**THOUGHTS WHILE RIDING DEPARTMENT:** . . . Could it be possible that Harriet Cody (the first person in Palm Springs to establish a public livery stable) is getting back into the swing of things? Her daughter Pat is now the proud owner of a black mare while Pat's lord and master (?) is looking for a horse himself . . . Wouldn't it be wonderful to receive a gift such as George O'Brien was donated? The Potentate of Saudi Arabia has sent George two very fine Arabian horses as a gift. This is quite an honor and Mr. O is justly proud . . . How are horses going to cross the new, modern and very ornate washes around the Village? . . . Why do so many visitors insist upon riding horses on the paved streets? You'd think they would know it isn't safe . . . Who, other than Col. Stupenagle, would carry a wrist watch with a feather in it? . . . Wonder if anyone has ridden to Little Paradise recently? . . . Did you ever hear someone strum a guitar under a full moon in the open desert? . . . No wonder they call it "the Romantic West" . . . What is the derivation of Rodeo? If it is Spanish, pronounce it Roe-day-oh; if it is American, pronounce it Roe-de-oh —Oh NUTS! . . .

**JES' CHATTER DEPT:** That isn't a new shade of eye make-up that Miss Booth is wearing these days, it is really a "shiner" and she is proud of it. She says it is the first one she has ever had and was very pleased to know that it was a dandy . . . Bill Grant was out on his horse Saturday morning. It is the first I have seen of him this year but he has been around. It is needless to mention that Michael was with him . . . Trav Rogers came out of his hibernation long enough to attend the breakfast ride and had a little difficulty getting fed. The point is, tickets are needed to have the cook dole out the grub to the people passing through the line and Trav has neglected to obtain the little slips of paper so necessary . . . Miss Dolly Goldberg won a set of Boyle's recordings. Dolly came a greater distance than anyone else for the ride. She came all the way from Brazil (but had no coffee to sell) . . . Barbara Brown, another guest of the Pueblo, had a few words to say. Babs and her dad are here from up the line a ways, San Francisco, to be exact . . . All in all the ride was a huge success with more than 80 in attendance . . . The rides are growing and it does my heart good to see the increased interest in these events . . . At the Smoke Tree Gymkhana last Thursday, Ann James and Alyce Bennett arrived a little late. Gweniever (the donkey) was a little slow in getting over

the ground . . . Harry and Pat Reid were making a wonderful picture on the pair of Palomino horses . . . Walt Disney and his daughters rode in the entry parade and then set in the bleachers to enjoy the show . . . Dr. and Mrs. Dollard enjoyed riding around the arena and looking at the show from various vantage points . . .

Young Charlie Vonderhide won the hat race with Vee Elison taking the blue in the free-for-all race later . . . Speed West, newly arrived from Reno, took the honors in the cow-hide race and Don Rasmussen won the stake race . . . During the calf decorating, the Deep Well team put on an impromptu calf riding act that was not in the script . . . There were a lot of other events but there is not enough space to tell you all about it now. Keep watching for notices about the next Gymkhana and join in the fun instead of trying to read about it. Friday night was the first Deep Well square dance and a good crowd was there. These will be regular affairs at the various ranches from now on and the fun is starting.

Don't forget, there are a lot of horses in the Village. Rent one for a while and have a good ride on the desert. It is really a heck of a lot of fun and will do you plenty of good.

### Christian Science Topic God, the Only Creator

"Every house is builded by some  
man; but he that built all things  
is God." This verse from Hebrews  
will be the Golden Text of the Sun-  
day Lesson-Sermon on "God the  
Only Cause and Creator" in all  
branches of The Mother Church,  
The First Church of Christ, Scien-  
tist, in Boston.  
A Scriptural selection from the  
Psalms reads, "The heavens de-  
clare the glory of God; and the  
firmament sheweth his handy-  
work. Day unto day uttereth  
speech, and night unto night shew-  
eth knowledge. There is no speech  
nor language, where their voice is  
not heard. . . Praise ye the Lord.  
. . . Let them praise the name of  
the Lord: for he commanded, and  
they were created. He hath also  
established them for ever and ever:  
he hath made a decree which shall  
not pass."

In "Science and Health with Key  
to the Scriptures" Mary Baker  
Eddy defines "Creator" as "Spirit;  
Mind; Intelligence; the animating  
divine Principle of all that is real  
and good; self-existent Life, Truth,  
and Love; that which is perfect  
and eternal; the opposite of mat-  
ter and evil, which have no Prin-  
ciple; God, who made all that was  
made and could not create an atom  
or an element the opposite of Him-  
self."

**CATHARAL CITY  
COMMUNITY CHURCH**  
(Meeting in Town Hall)  
The Rev. Arthur Jack Wartes, Pastor.

## Lord's Supper to Be Observed at Community Church

The Sacrament of the Lord's  
Supper will be observed at the  
morning service, 11 o'clock Sun-  
day at the Community church.  
As this is a memorial of the death  
of Jesus Christ who gave Himself  
on the cross to redeem a world  
that was lost in sin, it is only  
fitting that all who love Him and  
who profess to follow Him should  
be present, if possible for this  
service," said the Rev. James H.  
Blackstone Jr., pastor. "May  
each one prepare himself by  
prayer and meditation for the  
holy privilege of celebrating the  
Lord's Supper."

A well-supervised nursery is  
provided for the care of little  
children during the worship  
hour. Special music, appropriate  
to the service, will be rendered  
by the choir.

Sunday school meets at 9:45  
a.m. Classes of instruction are  
held for children of all ages as  
well as for adults.

The Senior High young people  
meeting at 6:15 in the manse par-  
lor will continue a very interest-  
ing discussion on the question of  
our use of the Lord's Day. The  
Junior High Christian Endeavor  
meets at the same time under  
the leadership of Mr. and Mrs.  
Stanley Pfischner.

At the evening service, 7:30  
p.m., the subject of meditation  
will be "The Word of God." A  
splendid picture entitled "The  
Book for the World of Tomor-  
row," will be shown. The Junior  
choirs will render a sacred an-  
them.

At the close of the service the  
Sacrament of the Lord's Supper  
will be administered to any who  
could not attend in the morning.

## Church Circle Meets Tuesday

Women's Circle of the Commu-  
nity church will hold its monthly  
meeting in the church social  
room at 2:30 p.m. Thursday after-  
noon, December 9.

Hostesses will be Mrs. Vera  
Nicholson, Mrs. Mabel Swart,  
Mrs. Leona Markham, Mrs. Vi-  
olet Fowler, Mrs. Grude. The pro-  
gram will be composed of chil-  
dren's music and tea will be  
served. All ladies in the church  
and their friends are invited.

To date William Howard Taft  
is the only President of the U. S.  
to later become Chief Justice of  
the U. S. Supreme court.

William Jennings Bryan of Ne-  
braska was nominated for the  
presidency of the U. S. three  
times by the Democratic party.

## Community Church Votes to Approve Expansion Plan

At a well attended and enthusiastic meeting of the con-  
gregation of Community church last Sunday morning a  
unanimous vote was cast to proceed with a program of alter-  
ation and building to provide more adequate facilities for the  
church and Sunday school.

A resolution, submitted to the  
congregation by the church  
boards was unanimously approved  
by the church members.

**PLANS FOR A DRIVE** to make  
the program possible are under  
consideration at present.

The resolution which was sub-  
mitted to the congregation and  
approved, follows:

"The elders and trustees, fol-  
lowing previous boards whose de-  
votion and interest have been un-  
flinching through recent years,  
have thoroughly surveyed the  
needs of the church and after con-  
sulting with all interested groups  
in the church, believe this is the  
time to proceed with a program  
of building expansion to meet de-  
mands for increased service."

## Community Church Choir News

The chancel and chapel singers  
of Palm Springs' Community  
church choir are eagerly looking  
forward to this coming Sunday.  
At that time they will journey to  
Redlands to participate in the  
presentation of Handel's oratorio  
"The Messiah".

Representative groups from  
nearby cities, along with the stu-  
dents and faculty of Redlands  
University's college of music,  
will combine their talents in the  
interpretation of Handel's great-  
est musical achievement.

**THE DIRECTOR** of this as-  
semblage of three hundred fifty  
voices will be J. William Jones,  
head of the department of  
church music at the university.  
His years of experience in this  
particular field should be quite  
an inspiration to both singers  
and musicians participating. The  
result should produce an after-  
noon of magnificent singing.

The rich, vibrant voice of the  
Rev. James Blackstone Jr., Com-  
munity church pastor, will be

heard in the baritone recitatives  
and solos. He was chosen—in an  
open audition—as the one most  
qualified for the part. Palm  
Springs should be proud to have  
such an able "musical ambassa-  
dor".

The performance will be held  
in the auditorium of Redlands  
University at four o'clock Sunday  
afternoon, December seventh. Ev-  
eryone is welcome to attend.

**MRS. HOLLY VISEL**, the  
Community church choir, and  
well-known local and out of town  
musicians and singers are re-  
hearsing quite a bit these days  
... their object: presentation—  
to the best of their ability—of the  
masterpiece of sacred music,  
Handel's oratorio "The Messiah".  
Mr. J. William Jones, head of the  
Redlands University department  
of church music will direct the  
oratorio in its entirety. The pre-  
sentation of Handel's "Messiah"  
at the Palm Springs Community  
church, Sunday, December 21,  
promises to be a fine concert.

and assemblies, the latter to be  
the first step in the program and  
to be set upon as quickly as pos-  
sible with funds now on hand, of  
approximately \$32,000.00 (thirty-  
two thousand dollars) which it is  
hoped will be increased imme-  
diately by pre-campaign gifts to  
enable accommodations to be  
made available by the end of the  
season.

**"THE TOTAL GOAL** contem-  
plated, being considerably in ex-  
cess of \$100,000.00 the boards re-  
quest the congregation to be very  
much in prayer and thought as  
plans are prepared for a suitable  
fund campaign soon to be launch-  
ed for the needed funds."

The United States is the world's  
leading producer of manufactured  
goods.

In 1890 Yosemite, Sequoia and  
General Grant national parks  
were established in California.

Practically every basic metal is  
deposited within the borders of  
the United States.

## Officers Elected By Palm Springs Masons for Year

Maynard G. Mead was elected Master of Palm Springs Lodge, No. 693, F. & A. M. at their meeting Monday night in the lodge rooms here.

Maurice H. Libott was elected Senior Warden; Siegel Raymond, Junior Warden; John Archibald, treasurer; and Henry Greeley, secretary.

Mead succeeds O. G. Carleson, first Past Master of the Village Lodge.

Plans for the year's activity were discussed and the first project of local Masons will be the erection of a Masonic Temple on the lot they own on Palm Canyon drive.

Birds unquestionably have a rudimentary language in the sense that they use their calls to communicate with one another, according to the Encyclopaedia Britannica. Such bird-calls as the alarm-call of a jay or plover, are often intelligible to other creatures as well.

Blank petitions were handed to each member present at the regular meeting of the American Legion Tuesday night, by Robert Ellsworth, chairman in charge of the drive, urging that Villagers be asked to sign them and then to send these petitions to Senator William Knowland and Congressman John Phillips.

The drive to obtain support of UMT is part of a national campaign on the part of the American Legion, who promised that 20,000,000 names throughout the country would be in the hands of representatives in Washington by December 12, urging the adoption of the plan.

The petition circulating here read as follows:

"Peace is worth striving for. Therefore we, citizens of the United States and voters, urge you, our Representative in the 80th Congress of the United States, to support and vote for Legislation establishing a system of Universal Military Training for American young men, as recommended by the President's Advisory Commission on Universal Training."

## Museum Notes

LLOYD MASON SMITH

New members to the Museum last week were: Dr. and Mrs. H. M. Currey, Dr. and Mrs. Joseph D'Alessio, Mr. and Mrs. Wm. J. Donaldson, Mr. and Mrs. Ernest Grosche, Doritz and Anna Jordan, Dr. and Mrs. Lloyd Mills, Mr. and Mrs. James Monroe.

Twenty-six persons attended the field-trip last Saturday to Cathedral Canyon. They were: Helen Bartlett, Jean Bourne, Pamela Bourne, Skippy Bourne, Helen M. Clatworthy, Mr. and Mrs. D. J. Douglas, Mrs. William Durnin, Charles, Janet, and Mary Ann Durnin, Ellis Gottbennet, Hannah R. Jay, Patsy Johnson, Edith Ludwig, Mrs. Hedwig Ludwig, R. B. McKinley, Richard D. Mountz, Charles and Gene Potts, Lillian Stoorman, Michael Van Dame, Mr. and Mrs. George Verhagen, Mr. and Mrs. Thomas Young.

The following article appears in the current issue of "The Museum News", official publication of The American Association of Museums:

## PALM SPRINGS MUSEUM HAS NEW QUARTERS

The Palm Springs Desert Museum, Calif., has purchased a former hospital structure and has moved the building to a location on the Cornelia B. White estate adjacent to the Library Building, former home of the Museum. The new quarters provide a large exhibit hall, and space for a library, office, and work and storage rooms. The grounds give opportunity for out-door exhibits.

Further objects donated by Miss White this week were a Cahuilla pot and kava bowl and a model of a weaving loom.

A three-legged Mexican bowl was donated by Pete Grand.

The term "Minnesota" was first applied to the river of that name and probably means "cloud-tinted water," according to the Encyclopaedia Britannica. The word is of Sioux Indian origin.

Of the total urban area traffic accident fatalities, last year 8200 happened at night, according to the National Safety council.

## Cheer Chaffey

Village Students Aid in  
Little Rose Bowl Bid

Palm Springs had a hand in winning the Little Rose Bowl bid for the Panthers of Chaffey college at Ontario.

There are several Village high school grads now enrolled at Chaffey and last week end they circulated a petition urging the little Rose Bowl committee, meeting at Pasadena Monday evening, to select Chaffey as the west's representative on the strength of their strong two-year record in Junior college football.

They were jubilant Monday night when word came that Chaffey had been chosen.

## Adolph Isreal In New Office

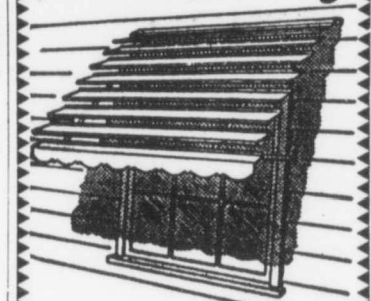

Adolph Isreal, well known Village real estate broker who has negotiated many important deals in the Village during the past year, has opened his office in the new Carmelita Hotel building at 507 North Palm Canyon drive. He has been in the realty business in the Village for the past three years.

Associated with him in the new office is Ray E. Smith also a well known local realtor.

Because of its large iron industry Birmingham, Ala., is called the "Pittsburgh of the South."

A new electrical development is a flashlight that peers around corners. The bulb is mounted in the end of a flexible metal tube.

## Chooses Wrong Patron for Sale

Selling "firewater" to Indians has long been one of Uncle Sam's "don'ts" so Manuel Herrera, asserted to have committed the offense, found when he was scheduled to face U. S. Commissioner McQuire in Riverside Wednesday.

Said to have been intercepted in the act of selling liquor to a member of the Agua Caliente tribe, Herrera was placed in the custody of Tony Toro, special reservation police officer and transported to Riverside for trial.

The ten-hour work day for federal employees was established by Congress in 1840.

## His Night Out Was Expensive

It was a nexpensive night of "fun" for George McClure Gruber, San Bernardino. Facing Judge Eugene E. Theriau Wednesday charged with driving while intoxicated Tuesday night, he was fined \$300, and his driver's license suspended for 30 days.

Half of the fine was suspended with the proviso that he pay \$25 damages to William J. Reynolds, whose parked automobile he is said to have hit.

It was not until after April 22, 1889, that any individual was permitted to claim or own land in what is now the state of Oklahoma.

From where I sit ... by Joe Marsh

## Marry Young? Marry Old?

When Jeb Crowell's daughter, Sue, married nineteen-year-old "Slim" Blake, a lot of folks (especially older ones) began to shake their heads. Young marriages! Tut, tut!

So I looked up some figures. It's true, young American girls and boys marry younger than in other countries. And where do you suppose they had the least chance? I won't name it, but maybe you've guessed. One of those countries that before the war suppressed all individual freedom and tolerance.

That's why I'm not worried about our younger married couples. They were raised in a country that respects one another's right—a country of tolerance and temperance (a lot of bridegrooms are ex-G.I.'s, and it looked to me like their favorite beverage was beer!).

From where I sit, it isn't when you marry that's important. It's the all-important spirit of tolerance and understanding that you bring to marriage.

Joe Marsh

## Weber's BREAD-TIME STORIES

### KITCHEN TRICK

ADD GLAMOUR to canned fruits by combining candied ginger with pears; diced raw apple with canned pineapple or peaches; shredded almonds with peaches or apricots.

### HOUSEHOLD HINT

BRIGHTEN YOUR ALUMINUM pans the easy way... just cook acid fruits such as tomatoes, rhubarb or applesauce in them. Doesn't affect the taste of the food.

### RECIPE

#### QUICK COCONUT MACAROONS

2 sq. bitter chocolate 1/2 c pecans  
1 can sweetened condensed milk  
1/2 lb. dry coconut

Melt chocolate in top of double boiler with condensed milk. Add coconut and nut meats. Mix well and drop by teaspoonfuls on cookie sheet. Bake in slow oven (300°) for 15 minutes.

### DECEMBER DAZE

HERE'S A HELP. Streamline your holiday household chores with some "Good Ideas" from Weber's 60-page illustrated "Good Ideas" booklet. FREE, from Weber Baking Co., Box 1730, Dept. 357, Wilshire-La Brea Sta., Los Angeles 36. Send us a post card!

## Sale of Christmas Seals Starts Off Briskly in County

Returns during the first week of the annual Christmas Seal sale conducted by the Riverside County Health and Tuberculosis Association totaled \$3,711.91. Harry Wells, county chairman, announced today. The sale which opened on Monday, November 24, will continue until Christmas.

The sale in Palm Springs is running slightly above last year's sale at this date according to Mrs. B. H. Poliak, chairman for this area. "We are grateful that many have responded so promptly," she said.

## New Chief Deputy for Probation Department

Bert Van Horn is the new chief deputy probation officer of Riverside county.

He was sworn in by Superior Judge O. K. Morton Monday in the presence of F. H. Butterfield, county probation officer and other county officials.

"The first week's returns represents 14 per cent of our goal," Mrs. Poliak said.

Sun Class Ads Bring Results.

## Tax Exemptions In County Increase 42% During Year

Assessed value of property exempt from taxation in Riverside county for 1947-48 totals \$5,365,180, an increase of 42.4 per cent from the \$3,767,370 total valuation of exemptions for 1946-47, California Taxpayers' association said today. These figures include tax exempt valuations of veterans, church, welfare, and college property.

For 1933-44, exemptions in the county had a total valuation of \$2,531,910. For 1944-45, exemptions totalled \$2,758,670. For 1945-46 they amounted to \$3,187,410.

OVER THE STATE as a whole, assessed value of property exempt from local taxation totalled \$424,413,175 for 1947-48, up 27.6 per cent from the \$332,499,334 value of exemptions for 1946-47. For 1943-44, the total assessed value of exemptions was \$235,148,881. For 1944-45 it dropped to \$205,788,474. For 1945-46 it was \$232,814,102.

Assessed value of exempt property for 1947-48 more than doubled over that for 1946-47 in two counties, Alameda and San Francisco, the association found. Increases of 50 per cent or more are found in Contra Costa, Glenn, Kern, Kings, Lassen, Madera, Mendocino, Monterey, Napa, San Benito, San Bernardino, Santa Barbara, Stanislaus, Tulare, and Ventura counties.

ONLY ONE COUNTY, Alpine, shows a decrease in total exemptions. Los Angeles and Trinity counties are the only ones which showed less than 10 per cent increase in assessed valuation of tax exempt property.

Statewide, the total valuation of exemptions for 1947-48 increased 27.6 per cent, compared with a 20.8 per cent increase in total valuation of taxable property. In three counties, Alpine, Los Angeles, and Santa Clara, the percentage increase in total valuation of taxable property exceeded the percentage increase in exemptions. In every other county exemptions increased at a faster rate than total taxable valuations increased.

## Indian Land Will Be Allotted This Winter Is Report

Allotment of Indian lands under the act of 1927 recently upheld by the U. S. Supreme court will take place sometime this winter it was learned today.

There is considerable variance of opinion on the division of the lands which now comprise the reservation among the Indians who figured in the first allotments on the 1927 register. Some favor giving the lands to the individual members while others are bitterly opposed to the division.

Lee Arenas fought the denial of the allotments by the U. S. Department of Interior and only this year was finally declared the victor in the litigation which lasted several years.

## Last Chance

First Half Taxes Delinquent Tomorrow

If you haven't done it yet—do it now, immediately. Today is the last day to pay first half city and county taxes, the county collecting for both. Checks mailed in to the county clerk must bear a postmark not later than Dec. 5 or a six per cent penalty will be added.

## Brawley Baseball Squad Coming to Field Club Sunday

Palm Springs Merchants will play host to the East Side Merchants of Brawley next Sunday afternoon at the Field Club. To get the game through before the sun sets, it will be called at 1 o'clock.

Clarence Jaime, leading Sunset League pitcher last summer, will be on the mound for the local club. Jaime was recently drafted by the New England league.

Difficulty with the professional league over semi-pro ball has been ironed out Bob Martin, manager of the P. S. Merchants, said Wednesday and Jaime will be allowed to hurl for the locals while he stays here. A ruling that pros could play in the local loop in any spot but the pitcher's box has been withdrawn. The Merchants trouble to date in losing three league games has been weakness in the box but this is now believed to have been overcome.

On Christmas day, 1868, President Johnson issued a pardon to all who had taken part in the secession.

# Renew Drive to Protect Children in Traffic

## Offense Listed as Felony

State Prison Term May Follow Arrest For Raiding Cars

"Car clouting" is a felony and anyone convicted of rifling an automobile faces a term in state prison.

Chief of Police A. G. Kettmann said Tuesday that under an amendment to the state penal code breaking into an automobile and burglarizing it is more serious than before the amendment went into effect. Then the charge was either petty theft or grand theft depending on the value of the articles stolen. Now it is a penitentiary offense and those arrested here for "car clouting" will be prosecuted under the new and more serious law.

COMPLAINTS of raids on automobiles continued to be listed with police. Latest included the theft of articles from the parked automobile of Richard A. Algier of Glendale who reported an expensive coat taken.

A renewal of annoyance raids on automobiles was also reported.

## Portrait of the Week

By BERNARD OF HOLLYWOOD

Celebrating her 25th picture completion, Virginia Christine decided to present herself with a month's vacation in Palm Springs. . . . She is staying at Casitas del Monte. Virginia is recuperating from a slight case of anemia and after listening to the pictures she told us she

played in, we would have had at least a case of blood curdling ourselves. "The Killers" was one of her most recent. . . and she just completed "The Gangsters." Watching the home front is her actor husband, Fritz Feld. He is also looking after son Stevie, age 2½.

## Native Sons Read Of "Christmas on Desert" in Grizzly

State-Wide Magazine Illustrates Article With Local Views

"Christmas on the Desert" is the caption on a feature article in the December number of "The Grizzly Bear", official publication of the Native Sons and Daughters of the Golden West.

The story is profusely illustrated with photographs of Palm Springs and surrounding desert spots and a map of the area from the mouth of the pass to below Salton Sea.

In contrast to the sunny desert Christmas, the magazine cover depicts a White Christmas in the mountain area.

Although orchids are usually considered rare, the orchid family is one of the most numerous groups of flowering plants, according to the Encyclopaedia Britannica. About 140 species of orchids are found north of Mexico, with some extending to Alaska and even Greenland. North American members of the orchid family include the lady's-slipper, moose as in-flower, rose-pogonia, shin plaster and showy orchids.

John Phillip Sousa, world famous band leader and composer of "Stars and Stripes Forever", joined the U. S. Marine Band as second trombone player when he was 13 years old.

## Deer O.K. in Their Place

But That Place Isn't the Middle of a Slippery Mountain Road Says Teacher

Mrs. Katherine Martin, journalism instructor at Palm Springs high, thinks a deer is a cute little animal but wishes the species would stay in its place. And that place is either the wilds or a zoo. Definitely not in the middle of a slippery mountain road.

The high school faculty member, coming down the mountain the other day in her automobile, accompanied by her two children, Alberta and Dickey Martin and Jeannette Shaw, was negotiating the road carefully. It had been raining and then it turned cold and snowed. The road was slick.

NEAR PINON FLATS, as she eased around a corner, a deer bounced into the middle of the

road. When it tried to bounce away again, it fell victim to a skid, even as an automobile, and fell. Mrs. Martin jammed on the brakes. That and the ice did it.

The car, which had been heading toward the valley, suddenly headed back up the mountain then turned over on its left side.

An upbound car from Riverside, proceeding slowly, was able to stop without a skid. The occupants, junior college students from Riverside, helped Mrs. Martin and the youngsters climb out of the car through the upside windows.

NONE OF THEM was hurt—and neither was the automobile for when the students righted it, the engine purred along as ever and outside of a slightly sprung left door, not a thing was wrong. Floyd Bigeley to whom the car was taken for a check up, muttered in the place where his head would have been, had he one, as he circled the automobile carefully looking for something wrong in vain.

Eight Naval Air Transport enlisted orderlies have traveled a total of 1,400,280 miles in an average of 14 months with NATS according to a recent survey. This total corresponds to 64 trips around the world. In this much flying the orderlies have served to passengers 22,650 inflight meals and 2,250 gallons of coffee.

The great place to save grain is on the farm.—Secretary of Agriculture Anderson.

## Peeping Tom Makes Getaway

ed. Youths are again stealing radiator ornaments especially the rings from new model Buicks. These the light fingered swain are giving to their girl friends as bracelets.

Police will make it a point to question all girls wearing these radiator ornaments as bracelets to determine where they came from. The girls who wear them are subject to penalty, too, for receiving stolen goods.

Chief Kettmann is of the belief that a majority of the raids on parked cars are being committed by youths from surrounding towns here just for the evening.

Screams of a woman shortly after midnight Tuesday at the home of Mr. and Mrs. H. O. Gordon, caused alarmed neighbors to call police.

Investigation disclosed that Mrs. Gordon had seen the face of a "Peeping Tom" staring at her through a window frightening her to such an extent she began screaming for her husband.

No trace of the prowler was found, police reported.

## "Holy Scriptures" Topic Sunday at Episcopal Church

The Rev. Robert M. Hogarth, rector, will preach Sunday morning in the Episcopal Church, St. Paul's in the Desert, on "The Holy Scriptures and Divine Control."

This second Sunday in Advent has been called Bible Sunday in the Episcopal Church since the reformers in the Mother Church of England introduced into the prayer book a new prayer that "we might read, mark, learn and inwardly digest them"—the Holy Scriptures.

The Guild will hold a special meeting next Thursday, December 11, at 2:30 o'clock, in the home of Mrs. Raymond R. Wilson, 409 W. Vereda del Sur. Reports will be made of the recent card party and sale.

The Rev. Robert A. Magill, D. D., bishop-elect of this diocese, will arrive in Los Angeles on Monday for conference with the clergy and lay authorities, preparatory to making his decision whether or not to accept his election.

The clergy of Riverside and San Bernardino counties in the Episcopal church will be the guests of the rector and congregation in Palm Springs next Tuesday. The Guild will serve luncheon for them in the home of Mrs. John S. Lapp. Rev. George W. Morrell, new rector of Trinity and until recently a professor in the Church Divinity School of the Pacific at Berkeley, will present a paper on "The Mind of Christ and the Development of the Ministry."

## New Subdivision "Sunair" Opened Just East of City

Two miles east of the city limits on the Palm Springs-Indio highway is the new subdivision of Sunair.

Pioneer suburban real estate broker Bill Hillery of Cathedral City claims that Sunair is tops and that no other location so near Palm Springs can equal it.

"Where can you find such close-in sloping ground where you look right into and know you are a part of America's Foremost Desert Resort," he asked. "And further, the restrictions are not tough yet sufficient to insure a fine development of business area and of residential income and then single family homes."

Three hundred lots present a wide choice in selection.

Hillery is tract agent and Cleo Porter is in charge of the office which is one of the most attractive on the desert.

Porter is no stranger having lived here during many past seasons.

In order to provide more rapid understanding of modern aircraft, Navy student pilots will now begin their training with the SNJ "Texan".

The backslider in heart shall be filled with his own ways; and a good man shall be satisfied from himself.—Proverbs 14:14.

RIDERS—Jeanne Godshall and Buck Abbott, famous trick riders, who appeared as a special attraction in the Hotel La Quinta Rodeo Thanksgiving afternoon. (Fin photo.)

## First Rodeo of Season at La Quinta Hotel Attracts Enthusiastic Throng

The first Ranch rodeo of the season was held Thanksgiving afternoon at the La Quinta hotel rodeo arena. Les Vance, in charge of riding activities for the hotel, arranged a full program of riding and roping events which were enjoyed by the hotel guests and a group from Palm Springs, including Frank Bogert and his vanguard from Thunderbird ranch. Bogert acted as master of ceremonies and announced the events in his inimitable manner. The trick riding and roping exhibition staged by Jeanne Godshall and Buck Abbott was the highlight of the afternoon and was enthusiastically received by the crowd.

Among the winners in various events were: Ribbon Tying contest, Mrs. Janice Bogert and Ernie Andre, first; Mrs. Arrian Brady and Buck Abbott, second; Bull dogging with Harold Eggers of La Quinta, first; Calf roping, Jerry Mack of Thunderbird first and Buck Abbott, second. In the steer stopping event Buck Abbott won first and Ernie Andre second.

Rags used in making high-grade white paper must have all color dye removed before processing.

## Village DAV Post Starts Plans For Annual Campaign

First meeting this season of the local chapter of the Disabled American Veterans took place in the office of the organization's commander, Dr. James Potter, Wednesday night.

Plans to hold the annual forget-me-not drive were decided upon and the dates set for January 3 and 4. Present at the meeting Wednesday was the deputy chief of staff of the DAV state department, Herbert Saxton.

During the Forget-me-not drive, it is planned to invite State Commander John Shannon as a guest during the dedication ceremonies attendant to the Wars Memorial building of the American Legion.

The population of Europe more than doubled between 1800 and 1900, increasing from 187 million to 400 million.

## Girl Scout Group Meets, Discusses Budget for Year

Council meeting of the Girl Scouts was held at the Girl Scout Little House Thursday, December 4, at which time the budget for the coming year was discussed.

Mrs. Hutch Moseley was chosen to represent the Girl Scouts on the Lions Club committee which is working on plans for recreation at the Field Club.

Roberta Poliak and Marlene Markham spoke to the council on the Girl Scout activities. These two girl scouts will be glad to speak to any organization and explain the activities of the Girl Scouts.

It was reported that at the November Court of Awards the following first class awards were made:

Troop 3—Barbara Greeley.  
Troop 2—Roselle Pleasant, Eleanor Purcell.

Roberta Poliak of Troop 5 was the only one to be awarded 2nd class rank. With these awards the Palm Springs Girl Scouts organization is proud to announce a total of 7 first class Girl Scouts in Palm Springs.

A request was made for any Brownie or Scout who has outgrown their uniform to bring the uniform to the Scout house to pass it on.

## Committee Heads For Teen-Target Appointed Today

Appointments to the executive council of the Teen-Target, Palm Springs Youth project on Bellard road, were made Tuesday night by the newly-elected executive committee headed by Morie Aitken, president.

Chairmen for the various committees are as follows:

Houses and Grounds—Raymond Estrada.  
Refreshments—Betty Sandival.  
Athletics—Dick Daro.  
Program—Sandra Veano.  
Music and Entertainment—Don Miller.

Publicity—Vicki Matloff.  
Crafts and Hobbies—Joe Flavin.  
Milton Ferris, director of the Target, said that a typewriter which they can put into repair for use is much needed. Anyone having one they wish to donate is urged to call Director Ferris at 4043.

## Tennis Stars To Perform Sunday At Racquet Club

National and International tennis stars will perform at the Racquet club next Sunday at 2 p.m. Charley Farrell announced today.

In action on the courts will be seen U. S. and World doubles champions Jack Kramer and Bob Falkenberg, U. S. doubles champion Ted Schroeder and Dinny Pails, Australian champion.

## Uniform Code Adopted By Village Hotel Men

For the first time in the Village's history, hotels and apartments of Palm Springs will operate on a uniform code of operation covering deposits, refunds, checking in times and other features as an outgrowth of a breakfast meeting of more than 60 persons held yesterday at the La Paz Guest Ranch.

Presided over by Stanley Rosin, chairman of the Hotel and Apartment Division of the Chamber of Commerce, the group created an executive committee and empowered it to draft a uniform set of rules and regulations and to submit them to all hotel and apartment owners and operators in the Village for ratification.

Considerable discussion preceded a decision on each of the several points of the code, but comments showed that most of the establishments have been following more or less the same set of

standards without having the formal code. Only those establishments which adopt the code will receive the rating of "accredited" from the Hotel and Apartment Division, Chairman Rosin announced.

Publicity projects, means of extending the season and the need for increased community activity to prepare events for guests while visiting Palm Springs were covered in talks to the group by Harry Harper, Chamber of Commerce manager, and Earle O'Day, the chamber's publicity director.

## It's Either a Feast or a Famine

First O'Day Had no House—Now He  
Has a House and a Trailer, to Boot

Houseless yesterday—lousy with housing today! That's the double-or-nothing home hunting saga of Earle O'Day, former Villager who returned to Palm Springs several weeks ago to take up the promotional cudgels for the community as publicity director of the Chamber of Commerce.

With the help of cooperative real estate brokers who pitched in on the hunt and provided the leads, O'Day made a day and night career of running down accommodations to fit himself, Mrs. O'Day and their seven-year-old boy, as well as the family budget.

WHILE THE SEARCH progressed fruitlessly, the publicity man reveals, he gathered from letters postmarked Los Angeles that his slowness in arranging the expected reunion in Palm Springs was inching him closer each passing day to the domestic dog house.

"Naturally," he explains, "this turned my thoughts to trailers. If you're going to cut down on elbow room, you may as well have all the comfortable gadgets."

Turning to the trailer marts, O'Day uncovered a bargain in a tandem-wheeled, two bedroom job "with everything except hot and cold running elevators." What happened then, he says, will not be included in his memoirs, if he writes any.

LAST MONDAY he moved his trailer into the Village.

On the same day, an agent phoned the great news—an offer of a year's lease on a dwelling that fits the family to a T.

Result:  
Some veteran working in Palm Springs, preferably one with a wife and child who may be having difficulty in finding a rental unit because of their youngster,

## Surplus Buildings Bring \$32,600 to Housing Authority

Housing Authority of Palm Springs was \$32,600 richer today following the opening of bids for 12 surplus buildings formerly part of Torney General Hospital, originally deeded with a group of other buildings to the Authority.

The structures which are now standing on the former Torney General Hospital grounds were sold to four of the highest bidders.

Four of the buildings were bought by Our Lady of Solitude Catholic church which will be converted into a parochial school, a home for the teachers and a chapel.

One of the buildings was purchased by the Palm Springs High School, which will be used as a woodcraft building. The remainder, eight structures were purchased by the M. and M. House Movers of San Pedro.

## By Two

Population of Tribe  
Growing; More to Come

Population of the Agua Caliente band of Mission Indians was increased by two during the month of November for a total of 67 members on the rolls of the Indian Agency.

At the same time it was reported that more babies are on the way and the numerical strength may be increased by several new members.

A baby boy was born last Sunday at the Palm Springs Community Hospital to Mrs. Ruth Urton. She is the daughter of Mr. and Mrs. Frank St. Marie. The father, Bob Urton was killed in a motor accident October 26.

On November 15 Mrs. Lena Welmas McGlammary gave birth to a baby girl.

It is said that the five odors best liked by Americans are rose, pine, lilac, violet, and lily-of-the-valley.

## Ramon Trailer Park News

J. W. Paquet, who is a barber at one of the local shops is here for the season. As soon as the season is over here, he goes to Meeks Bay Resort at Tahoe, where he operates his own shop. Mr. and Mrs. Ed Pringle and attractive daughter, Sally, are another family who come here for the winter and go to Tahoe for the summer.

Last minute arrivals here are the Jack Girards and Page Bond, coming from the Oregon country. Mrs. Girard will be remembered as the grand prize-winner at the Nehalem Salmon Derby in Oregon last year. They report fishing has been very poor everywhere this last season.

It looks like the shuffleboard players are getting ready for a tournament. Every day players on the courts are the Eiters, the Haslams, the Daceys, the Calkins, Mr. Bell and Mr. Mills. More enthusiasm is being shown than ever before.

Friends of Don Cochrane are sorry that he is ill at the Vets hospital in San Diego. Mrs. Cochrane is there with him.

## Publicity for Village

Chicago Daily News Publicizes Palm Springs  
In Spread on Vacation and Resort Page

Residents of Chicago and vicinity got an eye-ful of Palm Springs in mid-November according to clippings from the Chicago Daily News being received by Villagers from friends in the midwest and, officially, by the Chamber of Commerce.

In a five-column spread with copious and descriptive headlines, the Chicago paper "went to town" on Palm Springs, Harry C. Harper, secretary-manager of the local C. of C. said.

PALM SPRINGS Beckons the Vacationist, a five-column headline topped the resort and Travel information page of the News. A picture of the Desert Inn and a story, fulsome in its praise of the attractions here, was below.

A sub-headline termed Palm Springs the "Oasis in the Desert."

THE STORY was written by Reynolds Seitz on information supplied by Don Thomas, managing director for the All-Year club who is currently touring the east on behalf of California resorts. Thomas sent Harper a tear-sheet

of the valuable publicity spread. The All-Year Club of Southern California distributes southland publicity throughout the east and in winter presents information about Palm Springs worth \$50,000, according to Chamber of Commerce officials.

This is in return for \$1,000 contributed annually to the All-Year club by the Chamber which is now seeking to raise the total to \$2,500.

The growing of a legume crop before tobacco may be undesirable, due to the fact that the nitrogen supply can not be controlled.

The U. S. Navy Yard at Mare Island, California, has an establishment covering approximately 2,200 acres.

## Branch Office For CARE Is Planned Here

To enable Villagers to participate in a "little Marshall plan" of their own, Edward J. Flynn, western representative for CARE, was in town this week.

CARE, operating under supervision of 27 National charities, offers a convenient method of sending foodstuffs and clothing to the needy in Europe and Flynn was in the Village to seek a local outlet. The Los Angeles office at 124 West Fourth street, Los Angeles, has had numerous requests from Villagers seeking to send material overseas and it was decided to open a branch here. Mr. Flynn contacted several local people and the location of the office will be announced soon.

Many noted figures of stage and screen and industry are urging use of CARE in sending food to needy overseas this Christmas and a campaign to substitute CARE for Christmas gifts.

By sending through CARE the donor may avoid heavy postage, is able to supply packages most needed in the vicinity to which it is addressed and is assured that the package will reach its destination.

At the outbreak of the Revolutionary War, the United States had no Navy Department or ships and only a few armed merchantmen.

Smoke Trees," depicted above, which has attracted much attention from lovers of the desert.

## Memoriam

Pearl Harbor Day  
To Be Commemorated

Services in memoriam of the dead who fell during the sneak attack on Pearl Harbor will be held in the form of a High Mass at Our Lady of Solitude at 10 a. m., Sunday, December 7.

Father Michael O'Connor, who served as a chaplain during World War II, will conduct the Mass.

Graham Dexter, commander of Amvet Post 34, issued a call to all members of that organization to be present at that Mass in uniform if possible or at a church of their own choosing.

Pearl Harbor Day this year falls on the same day of the week, Sunday, as it did at the outbreak of World War II, December 7, 1941.

## Amvets Scheduled To Meet This Evening

Members of the Executive board of AMVET Post 34 are scheduled to meet tonight for a regular business session at Mr. Dees.

The meeting with Commander Graham Dexter presiding is expected to get underway at 5:30 p. m.

## Tramview

Complete organization of the Tramview Trailerites was announced this week with the election of Wally Warring as president. Al Agnew was selected to serve as vice-president and Lillian Sturm as chairman of committee. Al Singer as secretary and Bonnie Smith as treasurer.

A pot luck dinner was enjoyed by the guests of Tramview park on Wednesday night. Proving to be popular among the trailerites is the Western dances held on two nights during the week end and the bingo parties on three alternate evenings.

Sunday night the community singers of the Park can be heard directed by Maris Tandy.

The retina of the eye is the only portion of the human brain which is readily available to inspection during life, according to the Encyclopaedia Britannica. The eye itself acts as a low-power microscope, providing a magnification of about 15 diameters for the examination of the retina and its arteries and veins.

## Christmas Show For Parents at P.S.H.S. Thursday

Having gained in favor each year, the annual Christmas show for parents and adults given in the high school auditorium the Thursday evening before the Christmas recess starts will make a bid for a capacity crowd on December 18 at 8:00 p. m.

Mr. Alexander Hammond will direct the program which will embrace a holiday play and special Christmas music. New stage sets for the program have been prepared by Mr. Andrew Lester, high school art instructor. Mr. Gustave Patzner will assist in the program with instrumental music.

Attendance at these high school Christmas programs for adults, which are presented without charge, has been increasing each year. Mr. Hammond reports that the program for this year will be much better than any presented previously and he is extending a welcome to all parents and interested adults to come to the high school auditorium Thursday evening, December 18.

## City Will Pay

Intersections To Be Paved  
At City's Expense

Property owners who band together in the paving of their streets will be relieved to know that city council, in session Wednesday night, agreed to pay the cost of paving the intersections of such streets out of city funds.

Suggestion that the city undertake the paving of these intersections at its own expense was submitted by City Manager William Alworth. Following a motion by Councilman Armand Turonnet the plan was unanimously adopted.

## State Prison for Check Passers

George Ettinger and K. W. Stanley, charged with passing bogus checks in the Village, pleaded guilty in Judge Russell R. Waite's superior court this week and were sentenced to San Quentin.

Ettinger pleaded guilty at the time of his arraignment to two counts of check passing and, on his admission of a prior felony count, was sentenced to the state penitentiary. Stanley admitted three prior felony convictions and pleaded guilty to one of four counts of passing bad checks.

There must be a general downward readjustment of prices before a sustained period of prosperity is possible—Jack I. Straus, president, R. H. Macy and Co.

## New Palm Springs Song Aired Before Village Rotarians

Members of the Palm Springs Rotary Club during their luncheon-meeting at the Desert Inn heard for the first time the song and words of "I Lost My Heart In Palm Springs," by the co-author of the melody Frederick V. Bowers.

Bowers, a composer and musical comedy star for the last 40 years, was assisted in the composition of the Palm Springs song by Louis Hercules.

The rendition of the song before the Rotarians and the writing of the song was inspired by Miss Madge Rocks who was also present at the luncheon-meeting.

The song was heard for the first time over the facilities of radio station KCMJ at 10:45 p. m. Wednesday night.

## "One-Package" Drive Gets off To Fine Start

Officials of the Palm Springs Chamber of Commerce, now in the midst of a membership campaign sponsoring a "one-package" membership payment good for all of 1948, were cheered yesterday when Earl Coffman and George Roberson, co-managers of the Desert Inn, announced their initial contribution will be \$500.

"We will not say that this is our total contribution for 1948; we shall let the response from other firms, hotels and apartments in Palm Springs guide our later decision," Mr. Coffman said.

"We at the Desert Inn feel it is of paramount importance to Palm Springs that the Chamber of Commerce be adequately financed, and we are in accord with the new gross revenue basis of membership dues as this formula insures equitable payments by all."

Meanwhile, the Board of Directors announced that dues paid now are good for the whole year of 1948.

## Horse-ing Around

By A DUDE WRANGLER

Never before were the Smart Set visitors to Palm Springs so appreciative of the carpet Mother Nature laid for them over the Thanksgiving holiday; as evidenced by the large number of Horse Back Riders.

After all, the best things in Life are free and Nature was most generous to those who took advantage of her generosity.

The gloriously colored mountains, the great sand dunes area, the natural mineral hot springs, ancient ruins, Indian settlements of the old days and today; the running mountain streams and water falls and the canyons shared in welcoming the visitors on their horses.

Horseback riding for health and recreation is not a fad or a long dormant aspect of American living. It's almost a must—it awakens the mysteries of Sunrise and Sunset; swells the lungs with fresh air that had almost been forgotten. It clears the mental cobwebs collected in smoke filled Glamour spots and enables one to absorb those health-giving violet rays of the desert sun which combined with the wind gives you that sun tan Palm Springs look, yet does not burn.

Call one of the members of the Palm Springs Stable Men's Association listed below. They know where to go and what to do. Ponies and horses for young and old. Guides if you wish.

Get a horse. Get some sunshine. Have a look. It's good! But you'll never know, just sitting at home wondering what to do.

No place in the world offers as much in the way of health and variety as does the desert right here in Palm Springs. Early morning breakfast rides over the desert trails and into the canyons, with a cowboy breakfast of ham and eggs, flapjacks and coffee from the chuck wagon—with cowboy music—with the grandeur of the myriad fingers of the desert sunrise—all this, every Saturday morning at 8:30 a. m. Go by horseback, wagon or stage coach.

Yes, Palm Springs offers much, and the Palm Springs Stable Association is ready to help show you just how much! Here's a list of members:

## Doing the Village

with  
Moya Henderson

The holiday season was really launched this week with a gay round of parties to get everyone in a festive mood. A lovely affair was the cocktail and buffet supper given by Mrs. Flo McKee in honor of her daughter and new son-in-law, Virginia and Bill Groshan, on Tuesday evening. The center of interest on the laden table was the white tiered wedding cake. Virginia's daughter, Diane Cross and Sue Oliver were charming and efficient junior hostesses.

Mrs. John Robertson MacCartney started Tuesday morning off

with a breakfast in honor of Josephine Sprague. Twelve intimate friends of Josephine's were there to wish her much happiness in her marriage to Gordon Feekings.

The Doll House was the scene of much merriment that evening when the Los Compadres held their dinner at the Strebe spot in honor of outgoing president Wall Spalding, Tani and Johnny Boyle obligingly sang everybody's favorite songs and Phil Delano did his special number by request.

AT A LOVELY CEREMONY at the Baptist church in Redlands on Wednesday afternoon, Herbert H. Foster Jr. took as his bride Eleanor Speer of that city. Tommy Kiely served as Bud's best man and other Villagers attending the wedding included Betty Kiely, Ruth Hardy, Jack and Margaret Hardy, the Joe Omlins, Earl Coffmans, and Mrs. Amy Falk. Roy Reed was host to fifty guests for cocktails and dinner at the Tennis Club Wednesday evening. After dinner everyone gathered in the lounge to see his wonderful color pictures of Hawaii. Thursday was turkey day and home was the big attraction to most. The W. B. Maloufs invited many of their friends to join them for cocktails and dinner that evening.

Friday was a red letter day for the Warren Slaughters as their son was introduced to the world at the Community hospital that morning. Mr. Slaughter, recently discharged from the army, is associated with Roy Colgate.

DINING at the Doll House were the Jack Gorhams and Milt Hicks, the Bob Chambers and the Jack Chambers, and the Tom Kielys. The Frank Camps, Mrs. Frank Cutler and her daughter-in-law drove to Palm Village for dinner. Mrs. Cutler plans on leaving the Village this week for her home in Portland, Oregon, and although she recently sold her Palm Springs home she says she has not deserted the desert. Members of the Los Compadres and their families were the guests of the Redlands Mounted Police on Sunday. The more ardent horsemen trailed their steeds up for the day and joined the Redlands group and San Bernardino posse in an informal gymkhana. Cowhand Joe Butler brought home the laurels in calf roping with many of the others doing right well in other events. The gang came home well fed, with a big venison barbecue, and reported that it was a mighty fine clam bake.

More than 18,000 inventions have contributed to development of the telephone since its invention in 1875.

A northern hemisphere weather analysis center which charts more than 30,000 observations daily, is being operated jointly by the Weather Bureau, Army and Navy in Washington.

## It Seems To Me--

WITH just 17 SHOPPING days left SANTA'S sleigh bells CAN be heard FAINTLY tinkling ALREADY! AND St. Nick's ADVANCE crew AT FULTON'S ARE loudly singing "JINGLE Bells!" WHILE loading THE bag of gifts— FOR Santa's sleigh. SO bring your CHRISTMAS list TO FULTON'S and GET your gifts IN the bag BEFORE Santa calls "ALL aboard!" DON'T get left— HURRY to

## New Professional Pharmacy Opens In Seeburg Bldg.

Professional men, Villagers and out of town friends were on hand at the formal opening Saturday of the Palm Springs branch of the Gavin Herbert Professional Pharmacy located on the corner of Via Lola and North Palm Canyon Drive.

On hand to wish the management and owners of the new business establishment success were Dr. and Mrs. James B. Oliver, Dr. and Mrs. P. A. Staley, Dr. William H. Elliott, Dr. Joseph A. D'Alessio, Mr. and Mrs. Earl Cordrey, J. P. Seeburg, Chico Marx and party, Mr. and Mrs. Earl Strebe, and a number of Los Angeles physicians.

Among the floral decorations was a glass enclosed bouquet of orchids given by George and Ethel Strebe.

Manager of the local store is Kenneth D. Jackson who headed the exclusive prescription pharmacy in Pasadena for seven years.

A newcomer in the battery radio field is small enough to fit into the palm of a hand, has a 100-mile reception range, full band selection and dial tuning.

Many of the big trees of California are estimated to have withstood as many as 100 forest fires.

Applies stored at temperatures very close to the point at which they will freeze will keep for months longer than apples stored at temperatures even four or five degrees higher.

CONGRATULATED—Gavin Herbert (left), and Kenneth D. Jackson, owner and manager respectively, receiving well wishes on the opening of the exclusive prescription pharmacy opened at the corner of Via Lola and North Palm Canyon Drive. (Photo by Johnnie Pagoria.)

## Aid for Navajos To Be Sent by Palm Springs Post of Amvets

Following close on the heels of the announcement this week that AMVETS throughout the state of California are gathering food and clothing for the Navajo Indians of New Mexico, Palm Springs Post 34 is today formulating plans to launch a Village-wide campaign to obtain cast off clothing for these Indians.

Date for the campaign's start and its close will be decided within the next few days. Preliminary plans call for the gathering of clothes here, shipping them by truck to San Bernardino and from that point by Santa Fe railway to Gallup, New Mexico.

The railroad carrier, contracted by long distance telephone from Palm Springs, readily agreed to aid the local organization in the shipping of the clothing and in addition offered to do the same for AMVET posts throughout the state.

## Fish and Game Group Discusses Plans for Dance

Between 25 and 30 members of the Fish and Game Conservation Association of Palm Springs were present at the regular meeting of that organization Monday night presided over by Clinton Bauers, secretary.

With the president, vice-president and treasurer absent, it was reported, the discussion was confined to the forthcoming dinner-dance to be staged by the organization December 13, at the Desert Mill.

Tickets to the affair can be purchased at Bill Marvin's Sporting Store on North Palm Canyon Drive.

## Mrs. Dudley Is Hostess to PEO Chapter

Mrs. Betty Dudley was hostess to members of Chapter DV, P. E. O. last week at the Chi Chi. The dessert table was artistically decorated with holiday appointments.

Guests included Mrs. Georgia McBean of San Pedro, daughter of Mrs. Claude Freeman and Mrs. Leahdell Lowry of Banning, daughter of the hostess.

Later the members motored to the home of Mrs. John Robertson Macartney on Camia Real for their meeting.

Dr. Lena C. Meaker of Desert Cive ranch was accepted into membership by Chapter DV.

I say to you truly, the heart of him who loves is a paradise on earth; he has God in himself, for God is love.—Lamennais.

And this commandment have we from him, That he who loveth God love his brother also.—I. John 4:21.

## Rotarians to Rally

Village Club Members To Help Charter Night Affair for Desert Hot Springs Club

Recently formed Desert Hot Springs Rotary club will be presented its charter tonight at impressive ceremonies at the Idle Hour cafe in that community with Palm Springs Rotary club as sponsor.

Arthur E. Bailey, a leader in the foundation of the local Rotary Club will represent Rotary International at the ceremonies. He was instrumental in formation of the Desert Hot Springs club. Robert W. Peterson, secretary of the Palm Springs club, with Mr. Bailey and Harry C. Harper, secretary of the local chamber of commerce, are in charge of arrangements tonight.

Practically all of the Village Rotarians and Rotary Annes are planning to attend the event.
